**ACT 465 (SB 151)**

**2026 Regular Session**

**Mizell**

Existing law describes circumstances in which a person's DNA is required to be taken.

New law provides that any person who fails to submit a required DNA sample is considered noncompliant.

New law requires the office of motor vehicles to flag a noncompliant person's driving record and prohibits the issuance, renewal, or reinstatement of a driver's license until a DNA sample is received.

New law requires that no later than January 1, 2027, the state police promulgate rules to flag a driver's license for outstanding Combined DNA Index System (CODIS) hits and persons that lawfully owe the state a DNA sample in order to complete their full DNA profile.

Effective August 1, 2026.
