

RÉSUMÉ DIGEST

ACT 357 (SB 141)

2026 Regular Session

Morris

Prior law established the Integrated Criminal Justice Information System Policy Board (policy board) under the jurisdiction of the La. Commission on Law Enforcement and Administration of Criminal Justice, office of the governor (commission).

New law places the policy board under the jurisdiction of the La. Supreme Court.

Prior law required that the commission provide for clerical, professional, or technical staff as required by the policy board. Existing law authorizes the policy board, with the concurrence of the chief executive officer of the agency involved, to require additional personnel or technical assistance on a temporary basis from any unit of the executive branch of state government.

New law provides that the prior law functions of the commission relative to the policy board be performed by the La. Supreme Court.

Effective May 22, 2026.

(Amends R.S. 15:1228 and 1228.5(4))
