

RÉSUMÉ DIGEST

ACT 544 (HB 351)

2026 Regular Session

Fontenot

Existing law provides a reentry preparation program to give fundamental resources, life skills training, job placement opportunities, and other support services to persons released from incarceration with the Dept. of Public Safety and Corrections (DPS&C).

Prior law provided an entrepreneurial educational curriculum within the reentry preparation program that provided entrepreneurial education for eligible offenders to learn business concepts, marketing, development, and negotiation skills.

New law repeals the entrepreneurial educational curriculum as it relates to the reentry preparation program.

Effective August 1, 2026.

(Repeals R.S. 15:827.1(E))
