

RÉSUMÉ DIGEST

ACT 925 (HB 989)

2026 Regular Session

Boyer

Existing law (R.S. 47:532.1(A)(7)(c)) authorizes public license tag agents to provide information on the status of registration privileges and to process reinstatements of driving and vehicle registration privileges when these privileges were revoked due to the failure to maintain or failure to provide proof of the compulsory motor vehicle liability security.

Prior law authorized public license tag agents to collect a convenience charge not to exceed \$23, to provide information on the status of registration privileges and to charge an amount not to exceed \$23 per reinstatement, provided that the charges were disclosed and posted in the business office of the public license tag agent.

New law modifies prior law by increasing the maximum convenience fee and the reinstatement fee in prior law from \$23 to \$27.

Existing law (R.S. 47:532.1(C)) authorizes public license tag agents to collect a convenience charge in addition to the registration license tax or other authorized fees, sales taxes, and transactions.

Prior law required that the convenience charge not exceed \$23 per authorized transaction.

New law increases the maximum convenience charge in prior law from \$23 to \$27.

Existing law requires the public license tag agents collect and retain the full amount of the convenience charge and authorizes the seller to collect the convenience charge authorized in connection with any retail sale, in addition to the fees authorized in existing law.

Effective August 1, 2026.

(Amends R.S. 47:532.1(A)(7)(c) and (C))
