The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Thomas F. Wade.

DIGEST

Present law provides that all public work exceeding the contract limit, including labor and materials to be done by a public body, shall be advertised and let to the lowest responsible bidder.

Present law defines the contract limit to equal the sum of one hundred thousand dollars per project, including labor, materials, and equipment as per the rates of the latest edition of the Associated Equipment Dealers Rental Rate Book and administrative overhead not to exceed fifteen percent. Present law also provides a contract limit for Public Safety and Corrections projects using inmate labor and specifies a contract limit for certain bridge projects performed by parishes with less than 16,000 population.

Proposed law retains present law and adds a contract limit for public works administered by the division of administration's office of facility planning and control which is necessitated as a result of gubernatorially declared disaster or emergency. Proposed law defines the contract limit for such projects to be _____ dollars with the administrative overhead not to exceed _____ percent.

Proposed law further provides a preference be given to contractors domiciled in the state at least six months prior to the disaster declaration and an additional preference be given to contractors which employ persons displaced from their homes by the disaster.

Proposed law authorizes the director of the office of facility planning and control to promulgate rules and regulations governing the implementation of such provisions.

Proposed law prohibits the waiver of such provisions by public entities subject to this contract limit.

Effective upon signature of the governor or lapse of time for gubernatorial action.
