

Regular Session, 2013

HOUSE BILL NO. 592

BY REPRESENTATIVE THIBAUT

Prefiled pursuant to Article III, Section 2(A)(4)(b)(i) of the Constitution of Louisiana.

INSURANCE/HEALTH: Provides for the adequacy, accessibility, and quality of health care services offered by a health insurance issuer in its health benefit plan networks

1 AN ACT

2 To amend and reenact R.S. 44:4.1(B)(11) and to enact Subpart A-1 of Part III of Chapter 4  
3 of Title 22 of the Louisiana Revised Statutes of 1950, to be comprised of R.S.  
4 22:1019.1 through 1019.3, relative to ensuring the adequacy, accessibility, and  
5 quality of health care services offered to covered persons by a health insurance  
6 issuer in its health benefit plan networks; to provide for definitions; to provide with  
7 respect to standards for the creation and maintenance of health benefit plan networks  
8 by health insurance issuers; to provide with respect to the Public Records Law; to  
9 provide for regulation and enforcement by the commissioner of insurance, including  
10 imposition of fines and penalties; and to provide for related matters.

11 Be it enacted by the Legislature of Louisiana:

12 Section 1. Subpart A-1 of Part III of Chapter 4 of Title 22 of the Louisiana Revised  
13 Statutes of 1950, comprised of R.S. 22:1019.1 through 1019.3, is hereby enacted to read as  
14 follows:

15 SUBPART A-1. NETWORK ADEQUACY ACT

16 §1019.1. Short title; purpose, scope, and definitions

17 A. This Subpart shall be known and may be cited as the "Network Adequacy  
18 Act".

19 B. The purpose and intent of this Subpart is to establish standards for the  
20 creation and maintenance of networks by health insurance issuers and to ensure the

1 adequacy, accessibility, and quality of health care services offered to covered  
2 persons under a health benefit plan by establishing requirements for written  
3 agreements between health insurance issuers offering health benefit plans and  
4 participating providers regarding the standards, terms, and provisions under which  
5 such participating providers will provide services to covered persons.

6 C. This Subpart shall apply to all health insurance issuers that offer health  
7 benefit plans but shall not include excepted benefits policies as defined in R.S.  
8 22:1061(3).

9 D. As used in this Subpart:

10 (1) "Base health care facility" means a facility or institution providing health  
11 care services, including but not limited to a hospital or other licensed inpatient  
12 center, ambulatory surgical or treatment center, skilled nursing facility, inpatient  
13 hospice facility, residential treatment center, diagnostic, laboratory, or imaging  
14 center, or rehabilitation or other therapeutic health setting that has entered into a  
15 contract or agreement with a facility-based physician.

16 (2) "Commissioner" means the commissioner of insurance.

17 (3) "Contracted reimbursement rate" means the aggregate maximum amount  
18 that a participating or contracted health care provider has agreed to accept from all  
19 sources for payment of covered health care services under the health insurance  
20 coverage applicable to the covered person.

21 (4) "Covered health care services" means health care services that are either  
22 covered and payable under the terms of health insurance coverage or required by law  
23 to be covered.

24 (5) "Covered person" means a policyholder, subscriber, enrollee, insured, or  
25 other individual participating in a health benefit plan.

26 (6) "Emergency medical condition" means a medical condition manifesting  
27 itself by symptoms of sufficient severity, including severe pain, such that a prudent  
28 layperson, who possesses an average knowledge of health and medicine, could  
29 reasonably expect that the absence of immediate medical attention would result in

1 serious impairment to bodily functions, serious dysfunction of a bodily organ or part,  
2 or would place the person's health or, with respect to a pregnant woman, the health  
3 of the woman or her unborn child, in serious jeopardy.

4 (7) "Emergency services" means health care items and services furnished or  
5 required to evaluate and treat an emergency medical condition.

6 (8) "Essential community providers" means providers that serve  
7 predominantly low-income, medically underserved individuals, including those  
8 providers defined in Section 340B(a)(4) of the Public Health Service Act and  
9 providers described in Section 1927(c)(1)(D)(i)(IV) of the Social Security Act as set  
10 forth by Section 221 of Public Law 111-8.

11 (9) "Facility-based physician" means a physician licensed to practice  
12 medicine who is required by the base health care facility to provide services in a base  
13 health care facility, including an anesthesiologist, hospitalist, intensivist,  
14 neonatologist, pathologist, radiologist, emergency room physician, or other on-call  
15 physician, who is required by the base health care facility to provide covered health  
16 care services related to any medical condition.

17 (10) "Health benefit plan" means a policy, contract, certificate, or subscriber  
18 agreement entered into, offered, or issued by a health insurance issuer to provide,  
19 deliver, arrange for, pay for, or reimburse any of the costs of health care services.

20 (11) "Health care facility" means an institution providing health care services  
21 or a health care setting, including but not limited to hospitals and other licensed  
22 inpatient centers, ambulatory surgical or treatment centers, skilled nursing centers,  
23 diagnostic, laboratory and imaging centers, and rehabilitation and other therapeutic  
24 health settings.

25 (12) "Health care professional" means a physician or other health care  
26 practitioner licensed, certified, or registered to perform specified health care services  
27 consistent with state law.

28 (13) "Health care provider" or "provider" means a health care professional  
29 or a health care facility.

1           (14) "Health care services" means services, items, supplies, or drugs for the  
2           diagnosis, prevention, treatment, cure, or relief of a health condition, illness, injury,  
3           or disease.

4           (15) "Health insurance coverage" means benefits consisting of medical care  
5           provided or arranged for directly, through insurance or reimbursement, or otherwise,  
6           and includes health care services paid for under any health benefit plan.

7           (16) "Health insurance issuer" means an entity subject to the insurance laws  
8           and regulations of this state, or subject to the jurisdiction of the commissioner, that  
9           contracts or offers to contract, or enters into an agreement to provide, deliver,  
10          arrange for, pay for, or reimburse any of the costs of health care services, including  
11          a sickness and accident insurance company, a health maintenance organization, a  
12          preferred provider organization or any similar entity, or any other entity providing  
13          a plan of health insurance or health benefits.

14          (17) "Network of providers" or "network" means an entity, including a health  
15          insurance issuer, that, through contracts or agreements with health care providers,  
16          provides or arranges for access by groups of covered persons to health care services  
17          by health care providers who are not otherwise or individually contracted directly  
18          with a health insurance issuer.

19          (18) "Participating provider" or "contracted health care provider" means a  
20          health care provider who, under a contract or agreement with the health insurance  
21          issuer or with its contractor or subcontractor, has agreed to provide health care  
22          services to covered persons with an expectation of receiving payment, other than  
23          in-network coinsurance, copayments, or deductibles, directly or indirectly from the  
24          health insurance issuer.

25          (19) "Person" means an individual, a corporation, a partnership, an  
26          association, a joint venture, a joint stock company, a trust, an unincorporated  
27          organization, any similar entity, or any combination of the foregoing.

28          (20) "Primary care professional" means a participating health care  
29          professional designated by a health insurance issuer to supervise, coordinate, or

1 provide initial care or continuing care to covered persons, and who may be required  
2 by the health insurance issuer to initiate a referral for specialty care and maintain  
3 supervision of health care services rendered to covered persons.

4 §1019.2. Network adequacy

5 A. A health insurance issuer providing a health benefit plan shall maintain  
6 a network that is sufficient in numbers and types of health care providers to ensure  
7 that all health care services to covered persons will be accessible without  
8 unreasonable delay. In the case of emergency services and any ancillary emergency  
9 health care services, covered persons shall have access twenty-four hours per day,  
10 seven days per week. Sufficiency shall be determined in accordance with the  
11 requirements of this Subpart. In determining sufficiency criteria, such criteria shall  
12 include but not be limited to ratios of health care providers to covered persons by  
13 specialty, ratios of primary care providers to covered persons, geographic  
14 accessibility, waiting times for appointments with participating providers, hours of  
15 operation, and volume of technological and specialty services available to serve the  
16 needs of covered persons requiring technologically advanced or specialty care.

17 B.(1) Each health insurance issuer shall maintain a network of providers that  
18 includes but is not limited to providers that specialize in mental health and substance  
19 abuse services, facility-based physicians, and providers that are essential community  
20 providers.

21 (2) A health insurance issuer shall establish and maintain adequate  
22 arrangements to ensure reasonable proximity of participating providers to the  
23 primary residences of covered persons. In determining whether a health insurance  
24 issuer has complied with this Paragraph, the commissioner shall give due  
25 consideration to the relative availability of health care providers in the service area  
26 under consideration and the geographic composition of the service area. The  
27 commissioner may consider a health insurance issuer's adjacent service area  
28 networks that may augment health care providers if a health care provider deficiency  
29 exists within the service area.

1           (3) A health insurance issuer shall monitor, on an ongoing basis, the ability,  
2           clinical capacity, and legal authority of its participating providers to furnish all  
3           contracted health care services to covered persons.

4           (4) A health insurance issuer shall maintain a directory of its network of  
5           providers on the internet. The directory of network providers must be furnished in  
6           printed form to any covered person upon request. The directory of network  
7           providers shall identify all health care providers that are not accepting new referrals  
8           of covered persons or are not offering services to covered persons.

9           (5)(a) Beginning January 1, 2014, except as otherwise provided in  
10           Subparagraph (b) of this Paragraph, a health insurance issuer shall annually file with  
11           the commissioner, an access plan meeting the requirements of this Subpart for each  
12           of the health benefit plans that the health insurance issuer offers in this state. Any  
13           existing, new, or initial filing of policy forms by a health insurance issuer shall  
14           include the network of providers, if any, to be used in connection with the policy  
15           forms. If benefits under a health insurance policy do not rely on a network of  
16           providers, the health insurance issuer shall state such fact in the policy form filing.  
17           The health insurance issuer may request the commissioner to deem sections of the  
18           access plan to contain proprietary or trade secret information that shall not be made  
19           public in accordance with the Public Records Law, R.S. 44:1 et seq., or to contain  
20           protected health information that shall not be made public in accordance with R.S.  
21           22:42.1. If the commissioner concurs with the request, those sections of the access  
22           plan shall not be subject to the Public Records Law or shall not be made public in  
23           accordance with R.S. 22:42.1 as applicable. The health insurance issuer shall make  
24           the access plans, absent any such proprietary or trade secret information and  
25           protected health information, available and readily accessible on its business  
26           premises and shall provide such plans to any interested party upon request, subject  
27           to the provisions of the Public Records Law and R.S. 22:42.1.

28           (b) In lieu of meeting the filing requirements of Subparagraph (a) of this  
29           Paragraph, a health insurance issuer shall, beginning January 1, 2014, submit

1 accreditation from the National Committee for Quality Assurance (NCQA) or URAC  
2 (American Accreditation HealthCare Commission, Inc.) to the commissioner,  
3 including an affidavit and sufficient proof demonstrating its accreditation for  
4 compliance with the network adequacy requirements of this Subpart. Provisional or  
5 interim accreditation status shall constitute accreditation under this Subparagraph  
6 only for a provisional period ending December 31, 2014. The affidavit shall include  
7 sufficient information to notify the commissioner of the health insurance issuer's  
8 accreditation and shall include a certification that the health insurance issuer's  
9 network of providers includes health care providers that specialize in mental health  
10 and substance abuse services and providers that are essential community providers.  
11 The affidavit shall also certify that the health insurance issuer complies with the  
12 provider directory requirement contained in Paragraph (4) of this Subsection. If, at  
13 any time, a health insurance issuer loses its accreditation and that issuer has  
14 submitted proof of that accreditation pursuant to this Subparagraph, the issuer shall  
15 promptly notify the commissioner. The commissioner may, at any time, recognize  
16 accreditation by any other nationally recognized organization or entity that accredits  
17 health insurance issuers; however, such entity's accreditation process shall be equal  
18 to or have comparative standards for review and accreditation of network adequacy.

19 (c) A health insurance issuer submitting proof of accreditation in lieu of the  
20 filings required pursuant to Subparagraph (a) of this Paragraph shall maintain an  
21 access plan at its principal place of business. Such access plan shall be in accordance  
22 with the requirements of the accrediting entity.

23 C. A health insurance issuer not submitting proof of accreditation shall file  
24 an access plan for written approval from the commissioner for existing health benefit  
25 plans and prior to offering a new health benefit plan. Additionally, such a health  
26 insurance issuer shall inform the commissioner when the issuer enters a new service  
27 or market area and shall submit an updated access plan demonstrating that the  
28 issuer's network in the new service or market area is adequate and consistent with  
29 this Subpart. Each such access plan, including riders and endorsements, shall be

1 identified by a form number in the lower left hand corner of the first page of the  
2 form. Such a health insurance issuer shall update an existing access plan whenever  
3 it makes any material change to an existing health benefit plan. Such an access plan  
4 shall describe or contain, at a minimum, each of the following:

5 (1) The health insurance issuer's network which includes but is not limited  
6 to the availability of and access to centers of excellence for transplant and other  
7 medically intensive services as well as the availability of critical care services, such  
8 as advanced trauma centers and burn units.

9 (2) The health insurance issuer's procedure for making referrals within and  
10 outside its network.

11 (3) The health insurance issuer's process for monitoring and ensuring, on an  
12 ongoing basis, the sufficiency of the network to meet the health care needs of  
13 populations that enroll in its health benefit plans and general provider availability in  
14 a given geographic area.

15 (4) The health insurance issuer's efforts to address the needs of covered  
16 persons with limited English proficiency and illiteracy, with diverse cultural and  
17 ethnic backgrounds, or with physical and mental disabilities.

18 (5) The health insurance issuer's methods for assessing the health care needs  
19 of covered persons and their satisfaction with services.

20 (6) The health insurance issuer's method of informing covered persons of the  
21 health benefit plan's services and features, including but not limited to the health  
22 benefit plan's utilization review procedure, grievance procedure, external review  
23 procedure, process for choosing and changing providers, and procedures for  
24 providing and approving emergency services and specialty care. Additional  
25 information relating to these processes shall be available upon request and accessible  
26 via the health insurance issuer's website.

27 (7) The health insurance issuer's system for ensuring coordination and  
28 continuity of care for covered persons referred to specialty physicians, for covered

1 persons using ancillary health care services, including social services and other  
2 community resources, and for ensuring appropriate discharge planning.

3 (8) The health insurance issuer's processes for enabling covered persons to  
4 change primary care professionals, for medical care referrals, and for ensuring that  
5 participating providers that require the use of health care facilities have hospital  
6 admission privileges.

7 (9) The health insurance issuer's proposed plan for providing continuity of  
8 care in the event of contract termination between the health insurance issuer and any  
9 of its participating providers, as required by R.S. 22:1005, or in the event of the  
10 health insurance issuer's insolvency or other inability to continue operations. This  
11 description shall explain how covered persons will be notified of contract  
12 termination, including but not limited to the effective date of the contract  
13 termination, the health insurance issuer's insolvency, or other cessation of operations,  
14 and how such covered persons will be transferred to other providers in a timely  
15 manner.

16 (10) A geographic map of the area proposed to be served by the health  
17 benefit plan by both parish and zip code.

18 (11) The policies and procedures to ensure access to covered health care  
19 services under each of the following circumstances:

20 (a) When the covered health care service is not available from a participating  
21 provider in any case when a covered person has made a good faith effort to utilize  
22 participating providers for a covered service and it is determined that the health  
23 insurance issuer does not have the appropriate participating providers due to  
24 insufficient number, type, or distance, the health insurance issuer shall ensure, by  
25 terms contained in the health benefit plan, that the covered person will be provided  
26 the covered health care service.

27 (b) When the covered person has a medical emergency within the network's  
28 service area.

1           (c) When the covered person has a medical emergency outside the network's  
2           service area.

3           (12) Any other information required by the commissioner to determine  
4           compliance with the provisions of this Subpart.

5           D. A health insurance issuer not submitting proof of accreditation shall file  
6           any proposed material changes to the access plan with the commissioner prior to  
7           implementation of any such changes. The removal or withdrawal of any hospital or  
8           multi-specialty clinic from a health insurance issuer's network shall constitute a  
9           material change and shall be filed with the commissioner in accordance with the  
10          provisions of this Subpart. Changes shall be deemed approved by the commissioner  
11          after sixty days unless specifically disapproved in writing by the commissioner prior  
12          to expiration of such sixty days.

13          E. All filings containing any proposed material changes to an access plan as  
14          required by this Subpart shall include but not be limited to each of the following:

15                 (1) A listing of health care facilities and the number of hospital beds at each  
16                 network health care facility.

17                 (2) The ratio of participating providers to current covered persons.

18                 (3) Any other information requested by the commissioner.

19          §1019.3. Enforcement provisions, penalties, and regulations

20                 A. If the commissioner determines that a health insurance issuer has not  
21                 contracted with enough participating providers to ensure that covered persons have  
22                 accessible health care services in a geographic area, that a health insurance issuer's  
23                 access plan does not ensure reasonable access to covered health care services, or that  
24                 a health insurance issuer has entered into a contract that does not comply with this  
25                 Subpart, the commissioner may do either or both of the following:

26                         (1) Institute a corrective action plan that shall be followed by the health  
27                         insurance issuer within thirty days of notice of noncompliance from the  
28                         commissioner.

1           (2) Use his other enforcement powers to obtain the health insurance issuer's  
2           compliance with this Subpart, including but not limited to disapproval or withdrawal  
3           of his approval.

4           B. The commissioner shall not act to arbitrate, mediate, or settle disputes  
5           regarding a decision not to include a health care provider in a health benefit plan or  
6           in a provider network if the health insurance issuer has an adequate network as  
7           determined by the commissioner pursuant to the requirements contained in this  
8           Subpart.

9           C. The commissioner may promulgate such rules and regulations as may be  
10          necessary or proper to carry out the provisions of this Subpart. Such rules and  
11          regulations shall be promulgated and adopted in accordance with the Administrative  
12          Procedure Act, R.S. 49:950 et seq.

13          D.(1) The commissioner may issue, and cause to be served upon the health  
14          insurance issuer violating this Subpart, an order requiring such health insurance  
15          issuer to cease and desist from such act or omission for the whole state or any  
16          geographic area.

17          (2) The commissioner may refuse to renew, suspend, or revoke the certificate  
18          of authority of any health insurance issuer violating any of the provisions of this  
19          Subpart, or in lieu of suspension or revocation of a license duly issued, the  
20          commissioner may levy a fine not to exceed one thousand dollars for each violation  
21          per health insurance issuer, up to one hundred thousand dollars aggregate for all  
22          violations in a calendar year per health insurance issuer, when such violations, in his  
23          opinion, after a proper hearing, warrant the refusal, suspension, or revocation of such  
24          certificate, or the imposition of a fine. The commissioner of insurance is authorized  
25          to withhold fines imposed under this Subpart. Such hearing shall be held in the  
26          manner provided in Chapter 12 of this Title, R.S. 22:2191 et seq. Additionally, the  
27          commissioner may take any other administrative action, including imposing those  
28          fines and penalties enumerated in R.S. 22:18.

29          Section 2. R.S. 44:4.1(B)(11) is hereby amended and reenacted to read as follows:

1 §4.1. Exceptions

2 \* \* \*

3 B. The legislature further recognizes that there exist exceptions, exemptions,  
4 and limitations to the laws pertaining to public records throughout the revised  
5 statutes and codes of this state. Therefore, the following exceptions, exemptions, and  
6 limitations are hereby continued in effect by incorporation into this Chapter by  
7 citation:

10 771, 1019.2(B)(5)(a), 1203, 1460, 1466, 1546, 1644, 1656, 1723, 1927, 1929, 1983,  
11 1984, 2036, 2303

12 \* \* \*

13 Section 3. This Act shall become effective upon signature by the governor or, if not  
14 signed by the governor, upon expiration of the time for bills to become law without signature  
15 by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If  
16 vetoed by the governor and subsequently approved by the legislature, this Act shall become  
17 effective on the day following such approval.

Thibaut

HB No. 592

**Abstract:** Enacts the Network Adequacy Act to provide standards for the creation and maintenance of networks by health insurance issuers assuring the adequacy, accessibility, and quality of health care services offered to covered persons under its health benefit plans.

Proposed law enacts the Network Adequacy Act, as follows:

- (1) Requires a health insurance issuer (issuer) providing a health benefit plan (plan), not including excepted benefits policies, to maintain a network that is sufficient in numbers and types of health care providers (providers) to ensure that all health care services to covered persons will be accessible without unreasonable delay. Places various requirements upon issuers, including the requirements to ensure reasonable proximity of participating providers to the primary residences of covered persons, to monitor the ability of its providers to furnish all contracted health care services, and to maintain a directory of its network of providers on the Internet.

- (2) In order to meet the network adequacy requirements of proposed law, requires an issuer, beginning January 1, 2014, to either: (a) submit proof of accreditation from the National Committee for Quality Assurance (NCQA) or from URAC (American Accreditation HealthCare Commission, Inc.), including an affidavit of compliance with proposed law, to the commissioner of insurance; or (b) submit all required filings required by proposed law to the commissioner of insurance in order for him to conduct a review for the purposes of ascertaining network adequacy.
- (3) Requires an issuer not submitting proof of accreditation to annually file an access plan with the commissioner, portions of which may be deemed proprietary or trade secret information, pursuant to the Public Records Law, or protected health information, pursuant to the Insurance Code. Absent such information, requires issuers to make such plans available under certain conditions. Provides that such a plan shall be subject to approval by the commissioner and updated upon material change. Specifies numerous components of the access plan, including the issuer's efforts to address the needs of covered persons with diverse cultural and ethnic backgrounds or with physical and mental disabilities, as well as the issuer's plan providing for continuity of care in the event of contract termination.
- (4) Requires an issuer submitting proof of accreditation to maintain an access plan at its principal place of business. Specifies that such plan shall be in accordance with the requirements of the accrediting entity. Also provides for provisional accreditation status for such issuers until December 31, 2014.
- (5) Provides that if the commissioner determines that an issuer has not contracted with enough participating providers to ensure that covered persons have accessible health care services in a geographic area, that an issuer's access plan does not ensure reasonable access to covered health care services, or that an issuer has entered into a contract that does not comply with proposed law, he may institute a corrective action plan that shall be followed by the issuer within 30 days of notice or use any of his other enforcement powers to obtain the issuer's compliance with proposed law. Prohibits the commissioner from acting to arbitrate, mediate, or settle disputes regarding a decision not to include a provider in a health benefit plan or a provider network if the issuer has an adequate network as determined by the commissioner pursuant to proposed law.
- (6) Authorizes the commissioner to promulgate rules and regulations, to issue orders requiring issuers to cease and desist from an act or omission which violates proposed law, or to refuse to renew, suspend, or revoke the certificate of authority of an issuer violating proposed law. In lieu of suspension or revocation of a license, authorizes the commissioner to levy a fine not to exceed \$1,000 for each violation per health insurance issuer, up to \$100,000 for all violations in a calendar year per issuer, after a proper hearing. Also authorizes the commissioner to take other administrative actions, including imposing fines and penalties.

Effective upon signature of governor or lapse of time for gubernatorial action.

(Amends R.S. 44:4.1(B)(11); Adds R.S. 22:1019.1-1019.3)

#### Summary of Amendments Adopted by House

Committee Amendments Proposed by House Committee on Insurance to the original bill.

1. Deletes requirement that an issuer ensure that covered persons obtain covered health care services at no greater cost if its network is insufficient.
2. Exempts excepted benefits policies from proposed law.

3. Allows provisional accreditation status for issuers until December 31, 2014. Also adds requirement that an issuer submitting proof of accreditation maintain an access plan in accordance with the requirements of the accrediting entity.
4. Clarifies that access plan filings and components specified in proposed law apply only to issuers not submitting proof of accreditation. Deletes certain required components related to participating providers.
5. Deletes numerous required provisions in contracts between issuers and providers, including a requirement for a hold harmless provision for covered persons with respect to nonpayment by the issuer, its insolvency, or breach of the agreement, as well as a required provision prohibiting against balance billing by a provider.
6. Deletes requirement that an issuer develop selection standards for participating primary and specialized providers.
7. Deletes all provisions and requirements relative to intermediaries of issuers.
8. Deletes requirement that, beginning January 1, 2014, an issuer file with the commissioner sample contract forms proposed for use with its participating providers and intermediaries, as well as any material changes to a contract.
9. Deletes language prohibiting the commissioner of insurance from arbitrating mediating, or settling disputes among issuers, intermediaries, and provider networks arising by reason of a health care provider contract or agreement.
10. Deletes language providing that the execution of a contract or agreement by an issuer shall not relieve it of its liability to any person with whom it has contracted for the provision of services, nor of its responsibility for compliance with law or applicable regulations. Also deletes requirement that all contracts or agreements be in writing and subject to review by the commissioner.

Committee Amendments Proposed by House Committee on House and Governmental Affairs to the engrossed bill.

1. Adds language specifying the commissioner of insurance's authority to decide that certain sections of an access plan not be disclosed.
2. Instead of providing that information relative to a health insurance issuer's services and features should be available upon request and on the issuer's website, provides that such information shall be available.
3. Makes various technical changes.
