DIGEST

Chabert (SB 393)

Present law provides relative to DOTD. Provides the department, through its offices and officers, shall be responsible for developing and implementing programs to assure adequate, safe, and efficient transportation and other public works facilities and services in the state in accordance with the transfer of agencies and functions made by present law. Provides that the department shall develop and implement programs in all areas of transportation, including highways, airports, waterways, flood protection, and mass transit, as well as public works activities, in accordance with such transfers.

Present law provides that the department shall be composed of the executive office of the secretary, the office of management and finance, the office of engineering, the office of multimodal planning, the office of operations, and such other offices as shall be created by law. Further provides that whenever the secretary determines that the administration of the functions of the department may be more efficiently performed by eliminating, merging, or consolidating existing offices or establishing new offices, he shall present a plan therefor to the legislature for its approval by statute.

Present law provides that the secretary, or in his discretion a subordinate or subordinates appointed by him, shall administer the programs of the state relating to the establishment, design, construction, extension, improvement, repair, maintenance, and regulation of roads, highways, expressways, bridges, and related matters pertaining thereto. The secretary, or his designated subordinate, shall develop, prepare, and finalize the annual highway construction program.

Proposed law makes technical revisions. Otherwise retains present law.

Effective August 1, 2014.
