EXPENDITURE EXPLANATION

The proposed law may result in an indeterminable increase in state expenditures for notifying new residents to pay state vehicle license taxes. The Department of Public Safety indicates the proposed law may require approximately 80 hours of overtime for the Information Services Section at an average cost of \$32 per hour (\$32 x 80 = \$2,560) plus associated Medicare expenses (\$2,560 x 1.45% = \$37), or a total of \$2,597 in personal services. The legislation will require modifications to the Driver's License Issuance system to print verbiage on the payment receipt showing new residents the need to pay motor vehicle license taxes. The Legislative Fiscal Office believes that any additional IT work associated with this legislation will be incremental in nature, and that the Department can potentially accomplish these tasks utilizing existing SGR resources and budget authority. To the extent that numerous pieces of legislation are enacted that require additional programming efforts, the Department may require SGF resources.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
