DIGEST

Amedee (SB 609)

Proposed law provides that in any levee district that includes territory of parts or all of at least six but not more than seven parishes, of all taxes levied and collected by the district on property located within a parish with a population of not less than 85,000 persons nor more than 115,000 persons based upon the latest federal decennial census, not less than 50% of the tax monies shall be expended for the purposes of levee construction, levee maintenance, and other flood control and drainage works within that parish. Requires that the expenditures be in cash or in-kind services as determined by the parish governing body. Requires that when such funds are expended within the parish, in-kind services shall not exceed 50% of such expenditures. Requires that expenditures be certified as received by the parish's governing body at the end of each fiscal year.

Effective August 1, 2014.
