EXPENDITURE EXPLANATION

There is no anticipated direct material effect on Louisiana Workforce Commission (LWC), Office of Unemployment Insurance Administration expenditures as a result of this measure. Presently, on an annual basis, the LWC select 1,400 employers to audit their employee wage records. This measure does not impact the number of annual audits performed by LWC or the audit process.

REVENUE EXPLANATION

The proposed legislation allows the Louisiana Workforce Commission (LWC) to assess a \$5,000 penalty on noncompliant employers. All revenue generated from civil fees collected from employers pursuant to this measure is deposited into the LWC Penalty and Interest statutory dedication fund. Annually, the LWC selects 1,400 employers for audit of their employee wage records. In FY 13, 178 employers selected for an audit refused to comply.

Current noncompliance is approximately 150 employers per year (an average of previous years). However, if employers know they will be assessed a \$5,000 noncompliance penalty, LWC anticipates a 90% compliance rate, resulting in 15 noncompliant employers in the first year. In subsequent fiscal years, the noncompliant rate is estimated to decrease, and by FY 19, the LWC anticipates a noncompliance rate of 5% as a result of this measure. After a \$5,000 noncompliance penalty is assessed, employers can provide the requested audit information to the LWC. Once an audit has been resolved, the proposed legislation provides that LWC may refund the noncompliance penalty, less administrative costs, to employers.

	No. of Anticipated Noncompliant Employers	Civil Fees (estimated)
FY 15	15	\$75,000
FY 16	10	\$50,000
FY 17	9	\$45,000
FY 18	8	\$40,000
FY 19	7	\$37,500

The estimates above are receipts if no refund of any portion of the penalty is made to any employer. To the extent refunds are made, net of administrative costs, LWC will ultimately collect less than these amounts.
