WHEREAS, behavioral health experts across the country now recognize that involving youth in the policies, programs and systems that serve them improves outcomes for youth, helps them develop relationships, acquire new skills, improve behavior, build self-confidence, instill positive social supports, and cultivate leadership skills; and

WHEREAS, youth involvement in shaping policy and systems that serve them not only benefits the individual youth involved, but also can be very beneficial to those systems, agencies, communities, and the state as a whole; and

WHEREAS, Magellan Health Services created MY LIFE, now with 11 groups in five states with more than 500 youth regularly involved, as a free community program for youth between the ages of 13 and 23 who have experience with mental health, substance use, foster care-related and/or other challenges as a way to meet the need to involve youth in the systems that serve them; and

WHEREAS, through regular meetings, special events, presentations and performances, MY LIFE members provide support for their peers; develop critical skills in leadership, mentoring and mental health resiliency; act as advisors to Magellan and local officials to help improve services and systems that serve youth; and provide a much-needed voice in the community to combat the stigma associated with behavioral health issues; and

WHEREAS, in July 2012, MY LIFE Louisiana was established by Magellan Behavioral Health in Louisiana with MY LIFE groups started in Baton Rouge and Shreveport, and with an expansion group coming to Tangipahoa Parish; and

WHEREAS, the first annual Louisiana "MY LIFE Youth Day at the Capitol" is being held on Thursday, May 8, 2014, which is also National Children's Mental Health Awareness Day, to bring youth from around the state to the Capitol to provide them a truly unique hands-on educational experience to learn about our state government process, interact with state legislators, and participate in other activities with a focus on empowering youth to develop leadership skills, social skills, and greater self-confidence; and
