EXPENDITURE EXPLANATION

The proposed law will result in an indeterminable increase in state expenditures for supplies associated with the manufacture of license plates. The proposed legislation will require \$3,700 in supply purchases to manufacture 1,000 "U.S. Army Ranger" plates at a cost of \$3.70 per plate (\$3.70 x 1,000 = \$3,700). To the extent additional plates are needed, the costs will increase to accommodate the purchase of each additional plate. The legislation does not require 1,000 plates, but DPS estimates 1,000 will be needed to supply each Motor Vehicle Office.

The Department of Public Safety (DPS) indicates the proposed law may require approximately 120 hours of overtime for the Information Services Section at an average cost of \$32 per hour ($$32 \times 120 = $3,840$) plus associated Medicare expenses ($$3,840 \times 1.45\% = 56), or a total of \$3,896 in personal services. The legislation will require programming and database modifications performed by IT Applications Analysts to support the new license plate. The Legislative Fiscal Office believes that any additional IT work associated with this legislation will be incremental in nature, and that the Department can potentially accomplish these tasks utilizing existing resources and budget authority. To the extent that numerous pieces of legislation are enacted that require additional programming efforts, the Department may require additional resources.

NOTE: R.S. 47:490.1 specifically provides for military plates being unique and distinct from prestige plates, are issued to an easily identified class of individuals, are often issued and renewed without additional fees, do not require a minimum number of applicants, and are not used to raise funds for institutions or organizations.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure. This legislation provides for the newly created plates to charge regular motor vehicle registration license fees. Current law provides for these license plates to be issued in the same manner as other motor vehicle license plates (R.S. 47:463).
