 Opp. Chamb. Action:
 Proposed Amd.:
 Sub. Bill For.:

Date: May 20, 2014 11:00 AM	Author: IVEY
Dept./Agy.: Health and Hospitals	Analyst: Patrice Thomas
Subject: Mental Health Information Prior to an Elective Abortion	

ABORTION RE SEE FISC NOTE See Note Page 1 of 1
 Provides relative to information to be conveyed to a woman prior to abortion

Proposed law requires a physician to obtain a signed form (24 hours prior) stating that the women has been given information (pamphlet) on the increased risks of psychiatric and psychological harm associated with abortion. Proposed law requires the signed form to be made part of the medical record. Proposed law only applies to elective abortions. Proposed law requires Department of Health and Hospitals (DHH) to prepare the pamphlet with a unique identifier and with three segments that are perforated for easy separation. Segments are to be dispensed as follows: (1) woman; (2) medical record; and (3) DHH. Also, proposed law requires DHH to create printable internet-based resources that include telephone numbers and links to web sites of nonprofit organizations that provide confidential help lines. The telephone numbers and web sites must provide free services. Proposed law provides that a 14 member task force assist DHH in the preparation of the printed and internet materials. Proposed law provides that the governor shall appoint members of the task force. Proposed law provides the pamphlet shall be known as "Point of Rescue".

EXPENDITURE EXPLANATION

The proposed legislation will result in an indeterminable, but minimal, increase in state expenditures in FY 15. The proposed legislation requires the Department of Health and Hospitals (DHH) to develop a new consent form (pamphlet) stating that a woman has been given resources on increased risks of psychiatric and psychological harms associated with abortion. The consent forms must be printed on three segment duplication paper that are perforated with unique identifiers on each consent form. After an elective abortion, the physician must submit one segment to DHH within 30 days. Also, the proposed legislation requires DHH to create printable web-based resources identifying nonprofit organizations that provide free access to counselors for women considering abortion or experiencing distress after an abortion. DHH will be required to do the following over and above their current initiatives related to providing abortion information: (1) coordinate with a task force; (2) update and reprint consent forms that will be known as "Point of Rescue"; (3) update and reprint a *Women's Right to Know and A Women's Right to Know Resource Directory* booklet; and (4) update the www.pregnancyinfo.la.gov web site. According to DHH, existing resources within the Office of Public Health (OPH) will be utilized to fund printing and web development.

The proposed legislation provides for 14-member task force to assist DHH/OPH in preparing materials; however the measure is silent on members of the task force receiving per diem and travel expense reimbursement. To the extent that members receive per diem and travel expense reimbursement, the Legislative Fiscal Office (LFO) anticipates an indeterminable increase in state expenditures depending the frequency of meetings.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.

Senate Dual Referral Rules House 6.8(F)(1) >= \$100,000 SGF Fiscal Cost {H & S}
