Proposed law retains present law.

Present law provides that if a person charged with a violation of present law relative to motor vehicles and traffic regulations is convicted and sentenced, or if his bail is forfeited, or if other final disposition be made, an abstract of the report is to be sent by the court or the district attorney to DPSC. Present law further provides that a conviction is to be reported regardless of whether the person has been placed on probation for the offense pursuant to present law.

Present law provides that a person's vehicle operating record cannot include an arrest for a first or second misdemeanor DWI violation when the person was convicted or entered a plea, and the sentence was suspended and the person placed on probation pursuant to present law.

Proposed law clarifies that a person's vehicle operating record cannot include an arrest for a first or second violation of any state, local, parish, city, municipal, or other government ordinance, statute, or legal provision making criminal the operating of a motor vehicle while intoxicated or under the influence of alcohol, including but not limited to R.S. 14:98, in certain circumstances.

Present law further provides that DPSC is to add the conviction to the operating record and suspend or revoke the person's driver's license only if the court, clerk, or district attorney subsequently reports that the person was denied a final dismissal.

Proposed law changes present law to provide that DPSC is to add the first or second misdemeanor DWI conviction to the person's vehicle operating record when the sentence
