

Prior law divided the shrimping waters of the state into inside and outside waters.

New law changes the line to conform to the existing coastline as a result of changes caused by coastal erosion and subsidence.

New law allows the W&F Commission to amend by rule the line of demarcation in accordance with the APA.

Effective August 1, 2014.

(Amends R.S. 56:495(A)(3) and (4); adds R.S. 56:495(A)(4.1) and (4.2) and (E))
