Provides relative to roles of human services authorities and districts in implementation of the Developmental Disability Law

Present law known as the "Developmental Disability Law" (R.S. 28:451.1 et seq.) provides for a statewide system of services to be administered by the office for citizens with developmental disabilities of the Department of Health and Hospitals (DHH). Besides technical changes, the proposed law changes the present law as follows: (1) Changes the definition of a human services authority or district; (2) Deletes references to "regional" and "regional office"; (3) Deletes references to state developmental centers that are no longer state-operated; (4) Amends provisions referring to certain advisory committees and planning processes to specify that such groups and functions are local instead of regional; and (5) Clarifies roles and responsibilities of human services authorities and districts within the developmental disabilities services system.
