HB 272 Reengrossed

2015 Regular Session

Billiot

Abstract: Provides relative to the eligibility requirements for the Veterans Court program.

Present law excludes a defendant from participating in the Veterans Court program if the defendant's crime being considered before the court is a crime of violence as defined in present law or if the defendant has a prior felony offense or other pending criminal proceedings alleging commission of a crime of violence.

Proposed law expands participation in the Veterans Court program by excluding only those defendants whose crime before the court is a homicide or crime of violence unless the entire sentence may be deferred or suspended. Proposed law further excludes a crime of domestic abuse battery unless it is defendant's first offense for domestic abuse battery and complies with the sentencing requirements as provided for in present law.

Proposed law further excludes participation in the program if the defendant has prior felony convictions for any offenses defined as a homicide in present law or other pending criminal proceedings alleging commission of a homicide or sex offense.

Proposed law requires consent of the victim before the defendant can be determined eligible if the crime before the court is a crime of violence.
