EXPENDITURE EXPLANATION

As a result of this measure, local expenditures may increase by an indeterminable amount.

The authority created by this measure will have all rights, powers, privileges, and immunities as political subdivisions of the state; subject to limitations included in the measure. The authority will be governed by a 9 member board of commissioners who will serve without compensation, however, may be reimbursed for expenses actually incurred. The board may adopt or amend the annual budget; sell, lease, encumber, or alienate real property, improvements, or personal property. The board can also appoint officers, agents, and employees and fix their compensation.

Actual expenditures will depend on the plan and budget developed by the authority. An official with the City of Shreveport provided that it may take several years for the City of Shreveport to establish the board and for the board to set rules and procedures. However, we are assuming that activities could begin in the 2015-2016 fiscal year.

REVENUE EXPLANATION

As a result of this measure, local revenue may increase by an indeterminable amount.

The authority will have the ability to acquire property; sell or lease property, collect reasonable charges for the use of property; acquire land and improvements; and apply for and accept advances, leases, grants, or contributions.

An official with the City of Shreveport provided that it may take several years for the City of Shreveport to establish the board and for the board to set rules and procedures.
