Proposed law provides for full implementation of the ABLE Account program in a manner consistent with provisions of the Stephen Beck, Jr., ABLE Act of 2014 (Pub. L. 113-295), enacted Dec. 19, 2014, and referred to hereafter as "the federal ABLE Act". The bill transfers the ABLE Account Authority from within the Department of Health and Hospitals to the Department of Education. The bill revises definitions in present law in the following manner to provide for consistency with the federal ABLE Act: (1) Amends definitions of "ABLE Account", "ABLE Account Program" and "program", and "qualified disability expense". (2) Adds definitions of "designated beneficiary" and "eligible individual". (3) Repeals definitions of "beneficiary", "department", and "person with a disability". Proposed law adds full compliance with the federal ABLE Act as a purpose of the program. The bill revises present law to provide for treatment of the program consistent with Section 529A of the Internal Revenue Code, as enacted by the federal ABLE Act, (Bill Summary Continued on Page Two)

EXPENDITURE EXPLANATION

State general fund expenditures will increase by approximately \$64,000 in FY16 for the following estimated costs related to the proposed legislation: programming costs (one-time costs of \$10,000), audit costs (\$44,000 per year), and administrative costs including rule making, promotional materials, IT support, etc. (\$10,000 per year). Costs in FY17 and thereafter are estimated to be approximately \$54,000 per year for audit costs (\$44K) and miscellaneous administrative costs of \$10K per year for the items described above.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure. The proposed legislation says that amounts deposited in an ABLE Account on behalf of any designated beneficiary may be excluded from tax table income for purposes of Louisiana income tax if authorized by the provisions of R.S. 47:293(9)(a) for tax years beginning on and after January 1, 2016. However, authority for ABLE Account tax exclusions under R.S. 47:293(9)(a) are proposed in HB 234 of the 2015 Regular Session and not authorized directly by this bill (HB 598). As such, the proposed legislation has no direct impact on governmental revenues.
