The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by Heyward Jeffers.

DIGEST 2016 Regular Session

Hewitt

<u>Present law</u> provides that a military-trained applicant shall be issued a license, certification, or registration by the state engineering board if the applicant has received a military occupation specialty in engineering.

<u>Proposed law</u> provides that armed forces personnel who have received military training in engineering and have a military occupation specialty in engineering may apply for state certification as a professional engineer but must satisfy the certifying board's minimum requirement standards.

Effective August 1, 2016.

SB 283 Original

(Amends R.S. 37:3651(A)(1))
