HB 722 Re-Reengrossed

2016 Regular Session

Moreno

**Abstract:** Requires the secretary of the Dept. of Revenue to promulgate rules and regulations for registration of certain dealers collecting the state sales and use tax for occupancy at a residential location.

Present law provides procedures for collecting and remitting the state sales tax by dealers to the secretary of the Dept. of Revenue (DOR). Proposed law retains present law.

Present law, which takes effect on July 1, 2016, defines a dealer to include persons who are engaged in collecting the amount required to be paid by certain guests as a condition of occupancy at certain residential locations.

Proposed law requires the secretary of the DOR to promulgate rules and regulations in accordance with the APA for registration of dealers defined in present law with the DOR when the transaction giving rise to the dealer's obligation to collect the state sales and use tax for occupancy at a residential location is facilitated through an online forum.

Proposed law requires registration required by proposed law to be implemented using existing resources.

Effective July 1, 2016.
