

1           WHEREAS, the legislature requires further information from program administrators  
2 on the successes of dual enrollment programs and on what changes need to be made for  
3 greater success and believes that a single report representing both the secondary and  
4 postsecondary perspectives on the opportunities and challenges regarding dual enrollment  
5 would be valuable.

6           THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby  
7 urge and request the commissioner of higher education and the state superintendent of  
8 education to jointly report to the legislature, prior to February 1, 2017, containing  
9 recommendations on increasing availability and use of dual enrollment programs.

10           BE IT FURTHER RESOLVED that in preparing the report required by this  
11 Resolution, the commissioner and the superintendent shall jointly hold at least two public  
12 hearings to solicit input from citizens and from organizations with an interest in or  
13 information on the topic.

14           BE IF FURTHER RESOLVED, that the report shall include the following:

15           (1) An analysis of past and current participation in dual enrollment programs, which  
16 shall include numbers of participants and trends in those numbers and information on  
17 geographic distribution of participants, specific programs and courses of study pursued,  
18 outcomes in particular courses, and ultimate postsecondary success of participants.

19           (2) Identification of factors that hinder participation in dual enrollment programs  
20 including factors that prevent students from participating in the programs that do exist and  
21 factors that limit the availability of the programs.

22           (3) Specific suggestions for how participation in productive dual enrollment  
23 opportunities can be increased and an action plan for implementing these suggestions.

24           (4) Identification of any legislative action required for increasing dual enrollment  
25 opportunities and participation.
