

RÉSUMÉ DIGEST

ACT 489 (SB 419)

2016 Regular Session

Thompson

Prior law, relative to professional services, provides for the selection of persons for professional services and participation in the mentor-protégé program.

New law retains prior law and specifies that the geographic proximity of the physical location of the office of the otherwise qualified applicant to the physical location of the job or project shall be included in the list of selection guides used by the professional services selection boards that select applicants for professional services employment.

Effective July 1, 2016.
