

**RÉSUMÉ DIGEST**

**ACT 51 (HB 490)**

**2016 Regular Session**

**LeBas**

Prior law required a health insurance issuer to send a remittance advice to a pharmacy within seven business days of payment.

New law requires the health insurance issuer to send the remittance advice on the date of payment.

Existing law requires the remittance advice to include certain information, clearly identified and totaled for each claim listed.

New law adds the requirement that the remittance advice include the network identifier.

Effective January 1, 2017.
