

RÉSUMÉ DIGEST

ACT 69 (HB 847)

2016 Regular Session

Hilferty

Existing law places the New Orleans City Park Improvement Assoc. and its board of commissioners in the Dept. of Culture, Recreation and Tourism (DCRT) as a policymaking agency and specifically provides for certain powers and responsibilities for the association and its board.

New law instead places the New Orleans City Park Assoc. and its board of commissioners in DCRT as an independent agency with authority to carry out the powers, duties, functions, and responsibilities granted to it by law independently of the department and its secretary, undersecretary for the office of management and finance, and all other department officers.

Effective August 1, 2016.
