SB 88 Original                                      DIGEST                                      2017 Regular Session                                      Long

Proposed law creates rural health clinic look-alike entities as a new provider type designation in Louisiana for entities that do not meet the federal criteria of rural health clinic, but are within three miles of a location that would satisfy the criteria. Proposed law mandates Medicaid reimbursement for rural health clinic look-alike providers at the rate established for rural health clinics.

Effective August 1, 2017.

(Adds R.S. 46:460.72)
