
The original instrument and the following digest, which constitutes no part of the legislative instrument, were prepared by J. W. Wiley.

SB 191 Original	DIGEST 2017 Regular Session	Chabert
-----------------	--------------------------------	---------

Present law provides for the funding and allocation of money in the Coastal Protection and Restoration Fund.

Proposed law requires any project or structure engineered for the creation or restoration of barrier islands that is funded by the Coastal Protection and Restoration Fund to have some form of shoreline protection built into the project or structure.

Present law provides for a barrier islands and shorelines stabilization and preservation program.

Proposed law requires that all barrier island stabilization and preservation projects include some form of shoreline protection built into the project.

Effective upon signature of the governor or lapse of time for gubernatorial action.

(Amends R.S. 49:214.6.7(A); adds R.S. 49:214.5.4(J))
