HB 531 Original

2017 Regular Session

Hoffmann

Abstract: Prohibits the use of tobacco products on school property.

Present law prohibits certain activities related to smoking at schools. Proposed law defines "school property" as school grounds, playgrounds, premises, and property, including but not limited to land, improvement, and facilities, and school vehicles used for the provision of academic and extracurricular programs and administration at any elementary or secondary school, the La. School for the Deaf, the La. School for the Visually Impaired, the La. Special Education Center, and schools in the Special School District.

Proposed law defines "tobacco product" as any product made or derived from tobacco that is intended for human consumption.

Present law prohibits any person from smoking, chewing, or otherwise consuming any tobacco or tobacco product in any elementary or secondary school building. Proposed law adds inhaling, ingesting, and absorbing to the prohibition against the use of tobacco and tobacco products and broadens the prohibited locations to any school property. Excepts from this prohibition any tobacco product approved by the U.S. Food and Drug Administration for sale as a tobacco cessation product that is marketed and sold solely for such an approved purpose.

Present law authorizes the designation of smoking areas on school property. Proposed law deletes this authorization.

Present law prohibits smoking on any school bus transporting children attending any public school. Proposed law instead applies this prohibition to any school bus transporting students attending any school.

Proposed law provides that the provisions of proposed law shall not apply to any school property that is rented, leased, or otherwise made available for non-educational purposes.

Effective upon the signature of governor or lapse of time for gubernatorial action.
