2 To enact R.S. 11:143.1 and 888.1 and to repeal R.S. 11:896, 1119, and 2214.1, relative to
3 enrollment in certain state and statewide retirement systems; to provide for the
4 correction of enrollment errors, including the transfer of monies, service credit, and
5 liabilities; to provide for the payment of costs of the transfer; to provide for an
6 effective date; and to provide for related matters.

7 Notice of intention to introduce this Act has been published.

8 Be it enacted by the Legislature of Louisiana:

9 Section 1. R.S. 11:143.1 and 888.1 are hereby enacted to read as follows:

10 **§143.1. Correction of membership errors**

11 **A. The provisions of this Section shall be applicable to all employees in**
12 **positions covered by state and statewide public retirement systems.**

13 **B.(1) If a person is employed in a position that on the date of employment**
14 **was covered by a system to which this Section applies, but was by error enrolled**
15 **in another public pension or retirement system, plan, or fund, and has not**
16 **retired from or participated in the deferred retirement option plan of the**
17 **incorrect system, he shall be enrolled in the correct system if he remains eligible**

1 for membership in that system, and all service credit and the funds required by
2 Subsection C of this Section shall be transferred to the correct system.

3 (2) Within thirty days of the date the error is discovered, the incorrect
4 system shall notify the employee and the employer of the error and shall initiate
5 the transfer with the correct system.

6 (3)(a) If the employee previously received a refund of employee
7 contributions from the incorrect system, the employee shall be given the
8 opportunity to restore the forfeited service credit before the transfer by
9 repaying to the incorrect system the refunded contributions plus interest at the
10 board-approved actuarial valuation interest rate of the incorrect system. Upon
11 receiving notification of the enrollment error, the employee shall have ninety
12 days to restore the forfeited service credit as provided in this Paragraph.

13 (b) If the refund is not repaid within ninety days, then the service credit
14 associated with the refund shall not be restored before the transfer. Once the
15 transfer is complete, the employee may still restore the forfeited service credit
16 by paying to the incorrect system the amount required by this Paragraph. Upon
17 repayment, the restored service credit shall be transferred immediately to the
18 correct system in accordance with R. S. 11:143; however, notwithstanding the
19 provisions of R.S. 11:143(D)(4) to the contrary, the retirement percentage factor
20 of the correct system shall be used to calculate the retirement benefit based on
21 the number of years transferred.

22 C.(1) The correct system shall determine the employee contributions that
23 system would have received if the employee had been properly enrolled on the
24 date of employment. That system shall notify the incorrect system and the
25 employee of the calculation.

26 (2)(a) The incorrect system shall determine the contributions made by
27 the employee, any employee contributions paid by the employer, the employer
28 contributions paid on the earnable compensation of the employee, and interest
29 on those contributions compounded annually at the board-approved actuarial

1 valuation interest rate of the incorrect system and the total of these amounts.

2 The incorrect system shall provide these calculations to the employee, the
3 employer, and the correct system.

4 (b) If the amount of employee contributions calculated pursuant to
5 Paragraph (1) of this Subsection is less than the amount of contributions made
6 by the employee as determined by the incorrect system in Subparagraph (a) of
7 this Paragraph, the incorrect system shall pay to the employee the amount of
8 the overpayment.

9 (c) The incorrect system shall transfer to the correct system the total
10 calculated pursuant to Subparagraph (a) of this Paragraph less any payment to
11 the employee pursuant to Subparagraph (b) of this Paragraph.

12 D.(1) The correct system shall calculate the amount necessary to fund the
13 receipt of the service credit as provided in this Subsection.

14 (2)(a) If the transfer occurs within three years of the enrollment error
15 the correct system shall receive an amount equal to all employee and employer
16 contributions that would have been received by the correct system had the
17 employee been properly enrolled on the date of employment, plus interest at the
18 correct system's board-approved actuarial valuation interest rate.

19 (b) If the transfer occurs more than three years after the enrollment
20 error, the correct system shall receive the greater of:

21 (i) An amount equal to all employee and employer contributions that
22 would have been received by the correct system had the employee been properly
23 enrolled at employment plus interest compounded annually at the correct
24 system's board-approved actuarial valuation interest rate.

25 (ii) The actuarial cost to the correct system for the service credit
26 transferred, calculated in accordance with R.S. 11:158(C)(1)(a) and (2). The
27 employer shall pay any fee or cost for this calculation.

28 (3) If the amount transferred from the incorrect system pursuant to
29 Subparagraph (C)(2)(c) of this Section is not sufficient to pay the amount

1 required by the provisions of Paragraph (2) of this Subsection, the employer
 2 shall pay any difference to the correct system.

3 (4) If the amount transferred from the incorrect system pursuant to
 4 Subparagraph (C)(2)(c) of this Section exceeds the amount required by the
 5 provisions of Paragraph (2) of this Subsection, the correct system shall credit
 6 to the employer's account the amount of the overpayment.

7 E. Upon transfer of all monies required pursuant to Subparagraph
 8 (C)(2)(c) of this Section, all of the employee's service credit shall be transferred
 9 to the correct system and the employee's refundable contribution balance in the
 10 correct system shall be equal to the employee contributions that would have
 11 been paid to the correct system had the employee been properly enrolled in the
 12 correct system at employment. The retirement percentage factor of the correct
 13 system shall be used to calculate the employee's retirement benefit based on the
 14 number of years transferred.

15 F. After the date on which the transfer of the funds required pursuant
 16 to Subparagraph (C)(2)(c) is completed, the system from which the employee
 17 transfers shall have no future liability with respect to the service credit, liability,
 18 or contributions transferred to the correct system.

20 §888.1. Service for which credit has not been received

 22 enrolled in this system on the date of employment, but was not enrolled in any
 23 public retirement system, he shall become a member of this system. He may
 24 establish service credit for the time he should have been a member of this
 25 system only under the provisions of R.S. 11:888.

26 Section 2. R.S. 11:896, 1119, and 2214.1 are hereby repealed.
