The directors of emergency preparedness of all party states shall constitute a committee to formulate plans to take all necessary steps for the implementation of this compact. The purpose of this Compact is to provide for mutual assistance between the states entering into this Compact in managing any emergency disaster that may be duly declared by the governor of the affected state, whether arising from natural disaster, technological hazard, man-made disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack. This Compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this Compact may include the use of the states' national guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states.

Article 2 2.A. It shall be the duty of each party state to formulate plans and programs for application within such state. Each party state shall extend to the civil defense forces of any other party state, while operating within its state limits under the terms and conditions of this compact Compact, the same powers, (except that of arrest unless specifically authorized by the receiving state), duties, rights, privileges, and immunities as if they were performing their duties in the state in which they are normally employed or rendering services. Additionally, the party states, insofar as practical, shall:

(1) Review individual state hazards analyses and, to the extent

1	reasonably possible, determine all those potential emergencies the party states
2	might jointly suffer, whether due to natural disaster, technological hazard,
3	man-made disaster, emergency aspects of resources shortages, civil disorders,
4	insurgency, or enemy attack.

Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this Compact, the same powers, except that of arrest unless specifically authorized by the receiving state, duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated as needed, only subsequent to a declaration of a state emergency or disaster by the governor of the party state that is to receive assistance or upon commencement of exercises or training for mutual aid and shall continue so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.
