2017 Second Extraordinary Session

HOUSE BILL NO. 10

BY REPRESENTATIVES LEGER, ANDERS, CARPENTER, GAINES, GLOVER, JAMES, JOHNSON, LEBAS, LYONS, REYNOLDS, SMITH, THIBAUT, AND WHITE

APPROPRIATIONS: Provides for the ordinary operating expenses of state government for Fiscal Year 2017-2018 (Item #2)

1	AN ACT
2	Making annual appropriations for Fiscal Year 2017-2018 for the ordinary expenses of the
3	executive branch of state government, pensions, public schools, public roads, public
4	charities, and state institutions and providing with respect to the expenditure of said
5	appropriations.
6	Be it enacted by the Legislature of Louisiana:
7	Section 1. The appropriations in this Act from state revenue shall be payable out of the
8	sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the
9	Louisiana Constitution.
10	Section 2. All money from federal, interagency, statutory dedications, or self-generated
11	revenues shall be available for expenditure in the amounts herein appropriated. Any increase
12	in such revenues shall be available for allotment and expenditure by an agency on approval
13	of an increase in the appropriation by the commissioner of administration and the Joint
14	Legislative Committee on the Budget. Any increase in such revenues for an agency without
15	an appropriation from the respective revenue source shall be incorporated into the agency's
16	appropriation on approval of the commissioner of administration and the Joint Legislative
17	Committee on the Budget. In the event that these revenues should be less than the amount
18	appropriated, the appropriation shall be reduced accordingly. To the extent that such funds
19	were included in the budget on a matching basis with state funds, a corresponding decrease
20	in the state matching funds may be made. Any federal funds which are classified as disaster

or emergency may be expended prior to approval of a BA-7 by the Joint Legislative Committee on the Budget upon the secretary's certifying to the governor that any delay would be detrimental to the state. The Joint Legislative Committee on the Budget shall be notified in writing of such declaration and shall meet to consider such action, but if it is found by the committee that such funds were not needed for an emergency expenditure, such approval may be withdrawn and any balance remaining shall not be expended.

7 Section 3.A. Notwithstanding any other law to the contrary, the functions of any 8 department, agency, program, or budget unit of the executive branch, except functions in 9 departments, agencies, programs, or budget units of other statewide elected officials, may 10 be transferred to a different department, agency, program, or budget unit for the purpose of 11 economizing the operations of state government by executive order of the governor. 12 Provided, however, that each such transfer must, prior to implementation, be approved by 13 the commissioner of administration and Joint Legislative Committee on the Budget. Further, 14 provided that no transfers pursuant to this Section shall violate the provisions of Title 36, 15 Organization of the Executive Branch of State Government.

B. In the event that any agency, budget unit, program, or function of a department is transferred to any other department, agency, program, or budget unit by other Act or Acts of the legislature, the commissioner of administration shall make the necessary adjustments to appropriations through the notification of appropriation process, or through approval of mid-year adjustments. All such adjustments shall be in strict conformity with the provisions of the Act or Acts which provide for the transfers.

C. Notwithstanding any other law to the contrary and before the commissioner of administration shall authorize the purchase of any luxury or full-size motor vehicle for personal assignment by a statewide elected official other than the governor and lieutenant governor, such official shall first submit the request to the Joint Legislative Committee on the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such vehicles as defined or used in rules or guidelines promulgated and implemented by the Division of Administration.

D. Notwithstanding any provision of law to the contrary, each agency which hascontracted with outside legal counsel for representation in an action against another agency,

1 shall submit a detailed report of all litigation costs incurred and payable to the outside 2 counsel to the commissioner of administration, the legislative committee charged with 3 oversight of that agency, and the Joint Legislative Committee on the Budget. The report 4 shall be submitted on a quarterly basis, each January, April, July, and October, and shall 5 include all litigation costs paid and payable during the prior quarter. For purposes of this 6 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the 7 agency and of the other party if the agency was required to pay such costs and fees. The 8 commissioner of administration shall not authorize any payments for any such contract until 9 such report for the prior quarter has been submitted.

E. Notwithstanding any provision of law to the contrary, each agency may use a portion of its appropriations contained in this Act for the expenditure of funds for salaries and related benefits for smoking cessation wellness programs, including pharmacotherapy and behavioral counseling for state employees of the agency.

14 Section 4. Each schedule as designated by a five-digit number code for which an 15 appropriation is made in this Act is hereby declared to be a budget unit of the state.

16 Section 5.A. The program descriptions, account descriptions, general performance 17 information, and the role, scope, and mission statements of postsecondary education 18 institutions contained in this Act are not part of the law and are not enacted into law by 19 virtue of their inclusion in this Act.

B. All key and supporting performance objectives and indicators for the departments,
agencies, programs, and budget units contained in the Governor's Executive Budget
Supporting Document shall be adjusted by the commissioner of administration to reflect the
funds appropriated therein. The commissioner of administration shall report on these
adjustments to the Joint Legislative Committee on the Budget by August 15, 2017.

C. The discretionary and nondiscretionary allocations contained in this Act are provided
in accordance with R.S. 39:51(A)(3) and are to provide information to assist in legislative
decision making and shall not be construed to limit the expenditures or means of financing
of an agency, budget unit, or department to the discretionary or nondiscretionary amounts
contained in this Act.

1 D. The expenditure category allocations contained in this Act are provided in 2 accordance with R.S. 39:51(C) and are to provide information to assist in legislative decision 3 making and shall not be construed to limit the expenditures or means of financing of an 4 agency, budget unit, or department to the expenditure category amounts contained in this 5 Act. The commissioner of administration shall report to the Joint Legislative Committee on 6 the Budget the initial allocation of expenditures as required by R.S. 39:57.1. Any 7 subsequent change to the allocation of expenditures shall be reported by the commissioner 8 of administration to the Joint Legislative Committee on the Budget. The commissioner of 9 administration shall post the initial allocation of expenditures and any changes to the 10 allocations of expenditures on the website maintained by the commissioner under R.S. 11 39:6(C).

12 Section 6.A. Unless expressly provided in this Act, funds cannot be transferred between 13 departments or schedules receiving appropriations. However, any unencumbered funds 14 which accrue to an appropriation within a department or schedule of this Act due to policy, 15 programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner 16 of administration and the Joint Legislative Committee on the Budget, be transferred to any 17 other appropriation within that same department or schedule. Each request for the transfer 18 of funds pursuant to this Section shall include full written justification. The commissioner 19 of administration, upon approval by the Joint Legislative Committee on the Budget, shall 20 have the authority to transfer between departments funds associated with lease agreements 21 between the state and the Office Facilities Corporation.

22 B. In conjunction with the continuing assessment of the existing staff, assets, contracts, 23 and facilities of each department, agency, program or budget unit's information technology 24 resources and procurement resources, upon completion of this assessment and to the extent 25 optimization of these resources will result in the projected cost savings through staff 26 reductions, realization of operational efficiencies, cost avoidance, and elimination of asset 27 duplication, the commissioner of administration is authorized to transfer the functions, positions, assets, and funds from any other department, agency, program, or budget units 28 29 related to these optimizations to a different department. The provisions of this Subsection

shall not apply to the Department of Culture, Recreation and Tourism, or any agency
 contained in Schedule 04, Elected Officials, of this Act.

C. The commissioner of administration shall review all existing leases for office and warehouse space and compare the rent per square foot of such space to the market rent of similar space in the same market. The commissioner of administration is authorized and directed to renegotiate all leases that are in excess of the market rent to bring the rent in line with the market rent. The commissioner of administration, upon approval of the Joint Legislative Committee on the Budget, shall have the authority to transfer between departments funds from any savings from renegotiated leases.

Section 7. The state treasurer is hereby authorized and directed to use any available funds on deposit in the state treasury to complete the payment of General Fund appropriations for the Fiscal Year 2016-2017. In order to conform to the provisions of P.L. 101-453, the Cash Management Improvement Act of 1990, and in accordance with the agreement executed between the state and Financial Management Services, a division of the U.S. Treasury, the state treasurer is hereby authorized to release checks drawn on federally funded appropriations prior to the receipt of funds from the U.S. Treasury.

17 Section 8.A.(1) The figures in parentheses following the designation of a program are 18 the total authorized positions and authorized other charges positions for that program. If 19 there are no figures following a department, agency, or program, the commissioner of 20 administration shall have the authority to set the number of positions.

(2) The commissioner of administration, upon approval of the Joint Legislative
Committee on the Budget, shall have the authority to transfer positions between departments,
agencies, or programs or to increase or decrease positions and associated funding necessary
to effectuate such transfers.

(3) The number of authorized positions and authorized other charges positions approved for each department, agency, or program as a result of the passage of this Act may be increased by the commissioner of administration in conjunction with the transfer of functions or funds to that department, agency, or program when sufficient documentation is presented and the request deemed valid.

1 (4) The number of authorized positions and authorized other charges positions approved 2 in this Act for each department, agency, or program may also be increased by the 3 commissioner of administration when sufficient documentation of other necessary 4 adjustments is presented and the request is deemed valid. The total number of such positions 5 so approved by the commissioner of administration may not be increased in excess of three 6 hundred fifty (350). Any request which reflects an annual aggregate increase in excess of 7 twenty-five (25) positions for any department, agency, or program must also be approved 8 by the Joint Legislative Committee on the Budget.

B. Orders from the Civil Service Commission or its designated referee which direct an
agency to pay attorney fees for a successful appeal by an employee may be paid out of an
agency's appropriation from the expenditure category professional services; provided,
however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500
in accordance with Civil Service Rule 13.35(a).

14 C. The budget request of any agency with an appropriation level of thirty million dollars 15 or more shall include, within its existing table of organization, positions which perform the 16 function of internal auditing, including the position of a chief audit executive. The chief 17 audit executive shall be responsible for ensuring that the internal audit function adheres to 18 the Institute of Internal Auditors, International Standards for the Professional Practice of 19 Internal Auditing. The chief audit executive shall maintain organizational independence in 20 accordance with these standards and shall have direct and unrestricted access to the 21 commission, board, secretary, or equivalent head of the agency. The chief audit executive 22 shall certify to the commission, board, secretary, or equivalent head of the agency that the 23 internal audit function conforms to the Institute of Internal Auditors, International Standards 24 for the Professional Practice of Internal Auditing.

D. In the event that any cost assessment allocation proposed by the Office of Group
Benefits becomes effective during Fiscal Year 2017-2018, each budget unit contained in this
Act shall pay out of its appropriation an amount no less than 75% of total premiums for all
active employees and those retirees with Medicare in accordance with R.S. 42:851(D)(1) for
the state basic health insurance indemnity program.

E. In the event that any cost allocation or increase recommended by the Public Retirement Systems' Actuarial Committee through adoption of a valuation submitted to the Joint Legislative Committee on the Budget and the House and Senate committees on retirement becomes effective before or during Fiscal Year 2017-2018, each budget unit shall pay out of its appropriation funds necessary to satisfy the requirements of such increase.

6 Section 9. In the event the governor shall veto any line item expenditure and such veto 7 shall be upheld by the legislature, the commissioner of administration shall withhold from 8 the department's, agency's, or program's funds an amount equal to the veto. The 9 commissioner of administration shall determine how much of such withholdings shall be 10 from the state General Fund.

Section 10.A. Pursuant to Article IV, Section 5(G)(2) and Article VII, Section 10(F) of the Louisiana constitution, if at any time during Fiscal Year 2017-2018 the official budget status report indicates that appropriations will exceed the official revenue forecast, the governor shall have full power to reduce appropriations in accordance with R.S. 39:75. The governor shall have the authority to make adjustments to other means of financing and positions necessary to balance the budget as authorized by R.S. 39:75(C).

B. The governor shall have the authority within any month of the fiscal year to direct
the commissioner of administration to disapprove warrants drawn upon the state treasury for
appropriations contained in this Act which are in excess of amounts approved by the
governor in accordance with R.S. 39:74.

C. The governor may also, and in addition to the other powers set forth herein, issue executive orders in a combination of any of the foregoing means for the purpose of preventing the occurrence of a deficit.

Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner of administration shall make such technical adjustments as are necessary in the interagency transfers means of financing and expenditure categories of the appropriations in this Act to result in a balance between each transfer of funds from one budget unit to another budget unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this balance and shall in no way have the effect of changing the intended level of funding for a program or budget unit of this Act.

Section 12.A. For the purpose of paying appropriations made herein, all revenues due
 the state in Fiscal Year 2017-2018 shall be credited by the collecting agency to Fiscal Year
 2017-2018 provided such revenues are received in time to liquidate obligations incurred
 during Fiscal Year 2017-2018.

B. A state board or commission shall have the authority to expend only those funds that
are appropriated in this Act, except those boards or commissions which are solely supported
from private donations or which function as port commissions, levee boards or professional
and trade organizations.

9 Section 13.A. Notwithstanding any other law to the contrary, including any provision 10 of any appropriation act or any capital outlay act, no constitutional requirement or special 11 appropriation enacted at any session of the legislature, except the specific appropriations acts 12 for the payment of judgments against the state, of legal expenses, and of back supplemental 13 pay, the appropriation act for the expenses of the Department of Justice, the appropriation 14 act for the expenses of the judiciary, and the appropriation act for expenses of the legislature, 15 its committees, and any other items listed therein, shall have preference and priority over any 16 of the items in the General Appropriation Act or the Capital Outlay Act for any fiscal year. 17 B. In the event that more than one appropriation is made in this Act which is payable 18 from any specific statutory dedication, such appropriations shall be allocated and distributed 19 by the state treasurer in accordance with the order of priority specified or provided in the law 20 establishing such statutory dedication and if there is no such order of priority such 21 appropriations shall be allocated and distributed as otherwise provided by any provision of 22 law including this or any other act of the legislature appropriating funds from the state 23 treasury.

C. In accordance with R.S. 49:314(B)(1) and (2) appropriations from the Transportation Trust Fund in the General Appropriation Act and the Capital Outlay Act shall have equal priority. In the event revenues being received in the state treasury and being credited to the fund which is the source of payment of any appropriation in such acts are insufficient to fully fund the appropriations made from such fund source, the treasurer shall allocate money for the payment of warrants drawn on such appropriations against such fund source during the

fiscal year on the basis of the ratio which the amount of such appropriation bears to the total
 amount of appropriations from such fund source contained in both acts.

3 Section 14. Pay raises or supplements provided for by this Act shall in no way supplant
4 any local or parish salaries or salary supplements to which the personnel affected would be
5 ordinarily entitled.

6 Section 15. Any unexpended or unencumbered reward monies received by any state 7 agency during prior fiscal years pursuant to the Exceptional Performance and Efficiency 8 Incentive Program may be carried forward for expenditure in Fiscal Year 2017-2018, in 9 accordance with the respective resolution granting the reward. The commissioner of 10 administration shall implement any internal budgetary adjustments necessary to effectuate 11 incorporation of these monies into the respective agencies' budgets for Fiscal Year 2017-12 2018, and shall provide a summary list of all such adjustments to the Joint Legislative 13 Committee on the Budget by August 31.

Section 16. Should any section, subsection, clause, sentence, phrase, or part of the Act for any reason be held, deemed or construed to be unconstitutional or invalid, such decisions shall not affect the remaining provisions of the Act, and the legislature hereby declares that it would have passed the Act, and each section, subsection, clause, sentence, phrase, or part thereof, irrespective of the fact that one or more of the sections, subsections, clauses, sentences, phrases, or parts thereof, is declared unconstitutional or invalid. To this end, the provisions of this Act are hereby declared severable.

21 Section 17.A. All BA-7 budget transactions, including relevant changes to performance 22 information, submitted in accordance with this Act or any other provisions of law which 23 require approval by the Joint Legislative Committee on the Budget or joint approval by the 24 commissioner of administration and the Joint Legislative Committee on the Budget shall be 25 submitted to the commissioner of administration, Joint Legislative Committee on the 26 Budget, and Legislative Fiscal Office a minimum of sixteen working days prior to 27 consideration by the Joint Legislative Committee on the Budget. Each submission must 28 include full justification of the transaction requested, but submission in accordance with this 29 deadline shall not be the sole determinant of whether the item is actually placed on the 30 agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not submitted in accordance with the provisions of this Section shall be considered by the
 commissioner of administration and Joint Legislative Committee on the Budget only when
 extreme circumstances requiring immediate action exist.

4 B. Notwithstanding any contrary provision of this Act or any contrary provision of law, 5 no funds appropriated by this Act shall be released or provided to any recipient of an 6 appropriation made in this Act if, when, and for as long as, the recipient fails or refuses to 7 comply with the provisions of R.S. 24:513. No recipient shall be considered to fail or refuse 8 to comply with the provisions of R.S. 24:513 pursuant to this Section during any extension 9 of time granted by the legislative auditor or the Legislative Audit Advisory Council. The 10 legislative auditor may grant a recipient, for good cause shown, an extension of time to 11 comply with the provisions of R.S. 24:513. The Legislative Audit Advisory Council may 12 grant additional extensions of time to comply with the provisions of R.S. 24:513 for recipient 13 entities of an appropriation contained in this Act with recommendation by the legislative 14 auditor pursuant to R.S. 39:72.1.

15 Section 18.A. Except for the conditions set forth in Subsection B of this Section, the 16 following sums or so much thereof as may be necessary are hereby appropriated out of any 17 monies in the state treasury from the sources specified; from federal funds payable to the 18 state by the United States Treasury; or from funds belonging to the State of Louisiana and/or 19 collected by boards, commissions, departments, and agencies thereof, for purposes specified 20 herein for the year commencing July 1, 2017, and ending June 30, 2018. Funds appropriated 21 to auxiliary accounts herein shall be from prior and current year collections, with the 22 exception of state General Fund (Direct). The commissioner of administration is hereby 23 authorized and directed to correct the means of financing and expenditures for any 24 appropriation contained in Schedule 20-901 Sales Tax Dedications to reflect the enactment 25 of any law enacted in any 2017 session of the Legislature which affects any such means of 26 financing or expenditure. Further provided with regard to auxiliary funds, that excess cash 27 funds, excluding cash funds arising from working capital advances, shall be invested by the state treasurer with the interest proceeds therefrom credited to each account and not 28 29 transferred to the state General Fund. This Act shall be subject to all conditions set forth in 30 Title 39 of the Louisiana Revised Statutes of 1950 as amended.

1 B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public 2 agency or entity which is not a budget unit of the state unless the intended recipient of those 3 funds submits, for approval, a comprehensive budget to the legislative auditor and the 4 transferring agency showing all anticipated uses of the appropriation, an estimate of the 5 duration of the project, and a plan showing specific goals and objectives for the use of such 6 funds, including measures of performance. In addition, and prior to making such 7 expenditure, the transferring agency shall require each recipient to agree in writing to 8 provide written reports to the transferring agency at least every six months concerning the 9 use of the funds and the specific goals and objectives for the use of the funds. In the event 10 the transferring agency determines that the recipient failed to use the funds set forth in its 11 budget within the estimated duration of the project or failed to reasonably achieve its 12 specific goals and objectives for the use of the funds, the transferring agency shall demand 13 that any unexpended funds be returned to the state treasury unless approval to retain the 14 funds is obtained from the division of administration and the Joint Legislative Committee 15 on the Budget. Each recipient shall be audited in accordance with R.S. 24:513. If the 16 amount of the public funds received by the provider is below the amount for which an audit 17 is required under R.S. 24:513, the transferring agency shall monitor and evaluate the use of 18 the funds to ensure effective achievement of the goals and objectives. The transferring 19 agency shall forward to the legislative auditor, the division of administration, and the Joint 20 Legislative Committee on the Budget a report showing specific data regarding compliance 21 with this Section and collection of any unexpended funds. This report shall be submitted no 22 later than May 1, 2018.

(2) Transfers to public or quasi-public agencies or entities that have submitted a budget
request to the division of administration in accordance with Part II of Chapter 1 of Subtitle
1 of Title 39 of the Louisiana Revised Statutes of 1950 and transfers authorized by specific
provisions of the Louisiana Revised Statutes of 1950 and the Constitution of the State of
Louisiana to local governing authorities shall be exempt from the provisions of this
Subsection.

(3) Notwithstanding any other provision of law or this Act to the contrary, if the name
of an entity subject to this Subsection is misspelled or misstated in this Act or any other Act,

1 the state treasurer may pay the funds appropriated to the entity without obtaining the 2 approval of the Joint Legislative Committee on the Budget, but only after the entity has 3 provided proof of its correct legal name to the state treasurer and transmitted a copy to the 4 staffs of the House Committee on Appropriations and the Senate Committee on Finance. 5 C. The Louisiana Department of Health shall continue to provide for immunizations in 6 those parish health units which receive any funding from local governmental sources. 7 D. All departments containing appropriations out of means of financing designated as 8 coming from prior and current year collections shall report all prior year balances to the Joint 9 Legislative Committee on the Budget at its first meeting held after October 15, 2017. 10 E. The commissioner of administration is hereby authorized and directed to allocate up 11 to \$17,900,775 in State General Fund (Direct) upon the approval of an employee 12 compensation plan by the Civil Service Commission and the governor. The commissioner 13 of administration is also authorized to adjust the other means of financing necessary to 14 implement the approved plan. This authorization applies to the unclassified employees 15 within this Act that are paid according to approved pay scales. 16 **SCHEDULE 01** 17 **EXECUTIVE DEPARTMENT 01-100 EXECUTIVE OFFICE** 18 19 **EXPENDITURES:** 20 Administrative - Authorized Positions (74) 21 ¢ 456 907 Nondiscretionary Expenditures

SCHEDULE 09

LOUISIANA DEPARTMENT OF HEALTH

For Fiscal Year 2017-2018, cash generated by each budget unit within Schedule 09 may be pooled with any other budget unit within Schedule 09 to avoid a cash deficit. No budget unit may expend more revenues than are appropriated to it in this Act except upon the approval of the Division of Administration and the Joint Legislative Committee on the Budget, or as may otherwise be provided for by law.

Notwithstanding any provision of law to the contrary, the department shall purchase medical services for consumers in the most cost effective manner. The secretary is directed to utilize various cost containment measures to ensure expenditures remain at the level appropriated in this Schedule, including but not limited to precertification, preadmission screening, diversion, fraud control, utilization review and management, prior authorization, service limitations, drug therapy management, disease management, cost sharing, and other measures as permitted under federal law.

34 Beginning on October 1, 2017, and monthly thereafter, the department shall submit a report 35 detailing the programmatic allocations of the total appropriated for Schedule 09-306 Medical 36 Vendor Payments in this Act to the Joint Legislative Committee on the Budget for its review. 37 The first report shall include a detailed itemization of the actual means of financing and expenditures for Medical Vendor Payments in Fiscal Year 2016-2017 and the initial 38 39 allocation of payments for Fiscal Year 2017-2018 to provider groups, state agencies, or 40 managed care programs within each of the four programs: Payments to Private Providers; 41 Payments to Public Providers; Medicare Buy-Ins and Supplements; and Uncompensated 42 Care Costs. The first report shall also include, for both the prior and current fiscal year, an 43 itemization of supplemental payments and uncompensated care costs payments to the LSU Public Private Partnership hospitals. The second report, and each subsequent report 44 45 thereafter, shall itemize the projected expenditures in Fiscal Year 2017-2018 for each 46 allocation within the four programs and payments to the public private partnership hospital 47 as presented in the first report of the fiscal year. Also, the reports shall include a section 48 specifying the total amount of pharmacy rebates received year-to-date and the total amount 49 projected to be received by the end of the fiscal year. Further, the department shall include 50 a section in each report detailing the anticipated levels of revenue collections in Medical 51 Vendor Payments by source and, in the event a deficit is projected, any other sources of 52 revenues that may be available or adjustments in expenditures that could be implemented

- 1 within the department to aid in alleviating the projected deficit. Finally, the department may
- 2 vary the forecasting methodologies utilized to produce the reports as necessary to ensure the

3 submission of the most accurate projections of revenues and expenditures as practicable.

4 Notwithstanding any law to the contrary and specifically R.S. 39:82(E), for Fiscal Year 5 2017-2018 any over-collected funds, including interagency transfers, fees and self-generated 6 revenues, federal funds, and surplus statutory dedicated funds generated and collected by any 7 agency in Schedule 09 for Fiscal Year 2016-2017 may be carried forward and expended in 8 Fiscal Year 2017-2018 in the Medical Vendor Program. Revenues from refunds and 9 recoveries in the Medical Vendor Program are authorized to be expended in Fiscal Year 10 2017-2018. No such carried forward funds, which are in excess of those appropriated in this 11 Act, may be expended without the express approval of the Division of Administration and

- 12 the Joint Legislative Committee on the Budget.
- Notwithstanding any law to the contrary, the secretary may transfer, with the approval of the commissioner of administration via midyear budget adjustment (BA-7 Form), up to twenty-five (25) authorized positions and associated personal services funding if necessary from one budget unit to any other budget unit and/or between programs within any budget unit within this schedule. Not more than an aggregate of one-hundred (100) positions and associated personal services may be transferred between budget units and/or programs within a budget unit without the approval of the Joint Legislative Committee on the Budget.

20 Notwithstanding any provision of law to the contrary, the secretary is authorized to transfer, 21 with the approval of the commissioner of administration through midyear budget 22 adjustments, funds and authorized positions from one budget unit to any other budget unit 23 and/or between programs within any budget unit within this schedule. Such transfers shall 24 be made solely to provide for the effective delivery of services by the department, promote 25 efficiencies and enhance the cost effective delivery of services. Not more than six million 26 dollars may be transferred pursuant to this authority. The secretary and the commissioner 27 shall promptly notify the Joint Legislative Committee on the Budget of any such transfer.

Notwithstanding any provision of law to the contrary, the department shall not be under any obligation to perform any of the services as described in R.S. 46:2116, et seq., and may utilize other revenue sources to provide these services. Provided, further, that any additional funding for state plan personal assistance services may be used as state match for available foderal funds.

32 federal funds.

Provided, however, that the department shall not reduce the payments for waivers services, applied behavioral analysis rates, or graduate medical education. Provided, further, that any non-state entity reimbursing for the provision of applied behavioral analysis services to Medicaid enrollees as a part of a contract with the department also shall not reduce the reimbursement rates paid for such services.

50 Provided, however, that the Louisiana Department of Health may, to control expenditures 51 to the level appropriated herein for the Medical Vendor Payments program, negotiate 52 supplemental rebates for the Medicaid pharmacy program in conjunction with the preferred 53 drug list. In these negotiations, the preferred drug list may be adjusted to limit brand name 54 drug products in each therapeutic category while ensuring appropriate access to medically 55 necessary medication.

- 1 Provided, however, that the Louisiana Department of Health shall continue with the
- 2 implementation of cost containment strategies to control the cost of the New Opportunities
- 3 Waiver (NOW) in order that the continued provision of community-based services for
- 4 citizens with developmental disabilities is not jeopardized.
- Provided, however, that the Louisiana Department of Health shall authorize expenditure of
 funds for additional Rural Health Clinics and Federally Qualified Health Centers only in
 those areas which the department determines have a demonstrated need for clinics.
- Provided, however, that the Louisiana Department of Health shall only make Title XIX
 payments to public private partners in accordance with its initial budget allocation after
- 10 appropriation by this body.
- 11 Public provider participation in financing:

12 The Louisiana Department of Health hereinafter the "department", shall only make Title XIX 13 (Medicaid) claim payments to non-state public hospitals, that certify matching funds for their 14 Title XIX claim payments and provide certification of incurred uncompensated care costs 15 (UCC) that qualify for public expenditures which are eligible for federal financial 16 participation under Title XIX of the Social Security Act to the department. The certification 17 for Title XIX claims payment match and the certification of UCC shall be in a form 18 satisfactory to the department and provided to the department no later than October 1, 2017. Non-state public hospitals, that fail to make such certifications by October 1, 2017, may not 19 receive Title XIX claim payments or any UCC payments until the department receives the 20 21 required certifications. The Department may exclude certain non-state public hospitals from 22 this requirement in order to implement alternative supplemental payment initiatives or 23 alternate funding initiatives, or if a hospital that is solely owned by a city or town has 24 changed its designation from a non-profit private hospital to a non-state public hospital 25 between January 1, 2010 and June 30, 2014.

In order for a hospital to receive any Medicaid payments in addition to inpatient and
outpatient claims payments, the hospital must provide to the department claim level data for
Title XIX, XXI and uninsured clients, as specified by the department.
