HCR 101

2017 Regular Session

Garofalo

Memorializes the U.S. Congress and the La. Congressional Delegation to take such actions as are necessary to treat oil and gas production in the Gulf Coast states in a manner that is at least equal to onshore oil, gas, and coal production in interior states for revenue purposes; to rectify the revenue sharing inequities between coastal and interior energy producing states in order to address the nationally significant crisis of wetland loss in the state of Louisiana; and to ensure that the agreement codified through the Gulf of Mexico Energy Security Act (GOMESA) remains in place and that the Gulf Coast states receive their anticipated revenue sharing payments during Fiscal Year 2017-2018 as outlined in the Act.
