# **RÉSUMÉ DIGEST**

### ACT 351 (HB 531)

### **2017 Regular Session**

Hoffmann

<u>Existing law prohibits certain activities related to smoking and tobacco use at elementary and</u> secondary schools. <u>Existing law</u> generally prohibits two classes of activity applicable in different circumstances, possession and consumption.

## Possession

<u>Prior law</u> prohibited possession of lighted tobacco products on *school grounds* except in an area specifically designated as a smoking area. <u>New law</u> prohibits possession of lighted tobacco products and lighted electronic smoking devices on any *school property*; removes the exception for designated smoking areas. <u>New law</u> defines school property to include school vehicles used for the provision of academic and extracurricular programs and administration.

# Consumption

<u>Existing law</u> prohibits chewing or otherwise consuming tobacco products as more specifically described below. <u>New law</u> further prohibits inhaling and absorbing as acts of consumption.

<u>Existing law</u> prohibits consumption of tobacco products in any elementary or secondary school building. <u>New law</u>, applicable to students and school employees only, prohibits consumption on any school property. <u>New law</u> excepts from these prohibitions tobacco cessation products approved by the Food and Drug Administration.

Read with restrictions on possession of lighted tobacco products, <u>new law</u> allows a person who is not a student or school employee to consume unlighted tobacco products on school property outside of school buildings.

# **Other Provisions**

<u>Prior law</u> prohibited possession of lighted tobacco products on a school bus transporting public school students. <u>New law</u>, in addition to the prohibition on possession in school vehicles described above, prohibits the "use of" tobacco products in any school bus or school vehicle that is transporting students.

<u>New law</u> provides that <u>existing law</u> and <u>new law</u> do not apply to school property that is rented, leased, or otherwise made available for noneducational purposes.

Effective upon signature of governor (June 22, 2017).
