DIGEST

SB 297 Original

2018 Regular Session

Claitor

<u>Present law</u> authorizes public schools to offer instruction in sex education if such instruction is integrated into an existing course of study such as biology, science, physical hygiene, or physical education. Prohibits testing, quizzing, or surveying students about their personal beliefs or practices in sex, morality, or religion.

<u>Proposed law</u> adds an exception to <u>present law</u> by authorizing the state Dept. of Education and the Dept. of Health to survey high school students anonymously about their risk behavior associated with chronic health conditions, including those related to sexual health. Provides that prior to survey administration, a student's parent or legal guardian shall be provided the opportunity to request that he be excused from completing the survey and that upon such request, the student shall neither be given nor be required to complete the survey. Otherwise retains <u>present law</u>.

Effective August 1, 2018.

(Amends R.S. 17:281(A)(2))
