EXPENDITURE EXPLANATION

The Department of Public Safety (DPS) estimates the proposed legislation will require 40 hours of overtime at a cost of \$2,901 (assumed to be SGF) to update the Office of Motor Vehicle (OMV) systems. The Legislative Fiscal Office believes that any additional IT work associated with this legislation will be incremental in nature, and that the department can potentially accomplish these tasks utilizing existing resources and budget authority. To the extent that numerous pieces of legislation are enacted that require additional programming efforts, DPS may require additional resources.

REVENUE EXPLANATION

Under present law, OMV collects a fee of \$3 for the issuance of each hang tag for persons with mobility impairments and for the renewal of the hang tag every four years. Based on the scheduled renewals, OMV anticipates the following fee collections by fiscal year: FY 19 - \$183,477; FY 20 - \$170,199 ; FY 21 - \$168,999; FY 22 - \$174,225; FY 23 - \$174,225. The total projected collections for fees over this five year period is \$871,125. Hang tags scheduled for renewal in FY 19 would renew again in FY 23 and repeat the 4-year cycle.

Proposed law would change the renewal period from four years to ten year and take affect August 1, 2018, but would not impact revenues until FY 23. Those hang tags scheduled to expire in FYs 19-22 under the 4-year cycle would renew in the same fiscal year as under present law. However, those hang tags scheduled for renewal in FY 19 would not renew again until FY 29 under the 10-year cycle, whereas under present law the renewal would have occurred in FY 23. Proposed law would increase the renewal interval by six years and create a decrease in revenue in FYs 23-28.
