DIGEST 2018 Regular Session

Cortez

<u>Present law</u> provides for the Statewide Flood Control Program administered by the office of engineering in the Department of Transportation and Development. The program requires a local match of 10% of the cost of construction from an authority.

<u>Proposed law</u> creates the Rural Grant Opportunity Program to provide a mechanism for an authority with a population of less than 50,000 people located in a rural area without financial ability to provide the local match requirement of the Statewide Flood Control Program to apply for funds.

<u>Proposed law</u> provides that funds for the Rural Grant Opportunity Program shall not exceed 25% of the annual capital outlay appropriation by the legislature for the Statewide Flood Control Program.

<u>Proposed law</u> requires an authority's application to meet the requirements of R.S. 38:90.4(A)(1) and also to include, but is not limited to a resolution declaring its financial inability to meet a 10% local match and documentation to support its declaration.

<u>Proposed law</u> relieves an authority whose grant application is approved from satisfying the 10% local match.

<u>Proposed law</u> makes federal matching projects ineligible for funds under the Rural Grant Opportunity Program.

Effective August 1, 2018.

SB 372 Engrossed

(Amends R.S. 38:90.9; adds R.S. 38:90.1(12) and 90.4.1)
