

1           WHEREAS, Act No. 815 of the 2006 Regular Session found and determined that it  
2 is in the best interest of the people of this state to protect nonsmokers from involuntary  
3 exposure to tobacco smoke in most indoor areas open to the public, public meetings, food  
4 service establishments, and places of employment; and

5           WHEREAS, the 2006 Louisiana Smokefree Air Act prohibited smoking in most  
6 public areas, including indoor workplaces, universities, and restaurants to improve the  
7 health, comfort, and environment of the people of this state by limiting exposure to tobacco  
8 smoke; and

9           WHEREAS, since the passage of the 2006 Louisiana Smoke Free Air Act, fourteen  
10 municipalities, covering approximately twenty percent of the state's population, have enacted  
11 comprehensive smoke-free ordinances to close the policy gap created by Act No. 815 of the  
12 2006 Regular Session including to prohibit smoking in bars and gaming facilities, as  
13 establishing smoke-free workplaces are the only effective way to ensure that secondhand  
14 smoke exposure does not occur in the workplace, because ventilation and other air cleaning  
15 technologies cannot completely account for exposure of nonsmokers to secondhand smoke;  
16 and

17           WHEREAS, the Campaign for Tobacco Free Kids, State Toll of Tobacco, reports  
18 2018 Medicaid costs caused by smoking in Louisiana totals eight hundred three million  
19 dollars.

20           THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby  
21 create a study committee to evaluate the policy gap of Louisiana's statewide Smoke Free Air  
22 Act.

23           BE IT FURTHER RESOLVED that the study committee shall be composed of the  
24 following members:

25           (1) One member representing the office of public health of the Louisiana  
26 Department of Health, appointed by the secretary of the department.

27           (2) The secretary of the Louisiana Department of Revenue or his designee.

28           (3) The commissioner of insurance or his designee.

29           (4) One member representing the Department of Culture, Recreation, and Tourism  
30 in the office of the lieutenant governor.

1           (5) The chief executive officer of the Louisiana Public Health Institute or his  
2 designee.

3           (6) One member representing the Louisiana Campaign for Tobacco-Free Living.

4           (7) One member representing the Louisiana Association of Business and Industry.

5           (8) One member representing the American Heart Association of Louisiana.

6           (9) One member representing the American Cancer Society-Cancer Action Network  
7 Louisiana.

8           (10) Chief executive officer of the Cardiovascular Institute of the South or his  
9 designee.

10          (11) One member representing the Louisiana State University School of Public  
11 Health.

12          (12) One member representing the Tulane University School of Public Health and  
13 Tropical Medicine.

14          (13) One member representing the Southern University Agricultural Center.

15          (14) One member representing the Louisiana Cultural Economy Foundation.

16          (15) One member representing the Louisiana Cancer Research Center.

17          (16) The president and chief executive officer of the Louisiana Hospital Association  
18 or his designee.

19          (17) The director of the Louisiana Budget Project or his designee.

20          BE IT FURTHER RESOLVED that in evaluating Louisiana's smoke-free air policies,  
21 the study committee shall examine the feasibility of a statewide comprehensive smoke-free  
22 air policy by examining the following:

23           (1) Medical costs related to chronic tobacco-related illnesses and exposure to  
24 secondhand smoke.

25           (2) Incidences of cardiovascular disease, cancer, and lung disease by the exemption  
26 of bars and casinos from the state's current smoke-free air law.

27           (3) Comparative analysis of health parity amongst parishes with comprehensive  
28 smoke-free policies.

29           (4) Potential economic impact of a statewide smoke-free air law on the state.

1 (5) Potential changes to health outcomes and indicators by the adoption of a  
2 statewide smoke-free air policy that includes bars and casinos.

3 (6) Evaluation of the economic impacts of existing local smoke-free air policies.

4 (7) Health-related impact of electronic smoking devices.

5 (8) A comparative evaluation of smoke-free laws and outcomes of other states.

6 BE IT FURTHER RESOLVED that the designee representing the Louisiana Public  
7 Health Institute shall take such actions as are necessary to ensure that the study committee  
8 convenes on or before August 1, 2018.

9 BE IT FURTHER RESOLVED that at its initial meeting, the study committee  
10 members shall elect a chairperson, and shall adopt rules of procedure and any other policies  
11 as may be necessary to facilitate the work of the group.

12 BE IT FURTHER RESOLVED that on or before January 15, 2019, the study  
13 committee shall submit to the legislature a report of its progress and preliminary findings.

14 BE IT FURTHER RESOLVED that on or before March 8, 2019, the study committee  
15 shall submit to the legislature a final report comprising an evaluation of Louisiana's  
16 statewide and local smoke-free air policies and recommendations for addressing the existing  
17 policy gap created by Act No. 815 of the 2006 Regular Session.

18 BE IT FURTHER RESOLVED that a copy of this Resolution be transmitted to the  
19 secretary of the Louisiana Department of Health, the secretary of Louisiana Department of  
20 Revenue, the secretary of the Department of Culture, Recreation, and Tourism, the executive  
21 director of the Louisiana Public Health Institute, director of the Campaign for Tobacco-Free  
22 Living, American Heart Association of Louisiana, the American Cancer Society-Cancer  
23 Action Network Louisiana, the chief executive officer of the Cardiovascular Institute of the  
24 South, the dean of the Louisiana State University School of Public Health, the dean of the  
25 Tulane University School of Public Health and Tropical Medicine, the chancellor-dean of  
26 the Southern University Agricultural Center, the executive director of the Louisiana Cultural  
27 Economy Foundation, the executive director of the Louisiana Cancer Research Center, the  
28 president and chief executive officer of the Louisiana Hospital Association, the director of  
29 the Louisiana Budget Project, the president and chief executive officer of the Louisiana  
30 Association of Business and Industry.

HCR 76 Original

2018 Regular Session

Dustin Miller

Creates a study committee to evaluate Louisiana's prevalence of tobacco-related illnesses resulting from secondhand smoke exposure and to require the committee to report findings and policy recommendations concerning secondhand smoke exposure to the legislature.

Requests that the study committee convenes on or before August 1, 2018.

Requests that on or before January 15, 2019, the study committee shall submit to the legislature a report of its progress and preliminary findings.

Requests that on or before March 8, 2019, the study committee shall submit to the legislature a final report comprising an evaluation of Louisiana's statewide and local smoke-free air policies and recommendations for addressing the existing policy gap created by Act No. 815 of the 2006 R.S.
