- (2) The governing authority shall file a petition, which includes an itemized statement of the full extent of the owner's loss.
- (3) The court shall issue an order directing that the amount of the estimate be deposited in the registry of the court and declare that the property has been taken for the public purpose.
- (4) Title to the property shall vest in the governing authority upon final court order, and the right to just and adequate compensation shall vest in the former property owner.
- (5) Upon vesting of title the governing authority may take possession of the property.
- (6) The former property owner may apply for a trial to determine the measure of compensation to which he is entitled by filing an answer within one year from the date he is notified in writing by the governing authority of the expropriation.

Prior law defined "property", "governing authority", and "project".
