The appropriations in this Act from state revenue shall be payable out of the 8 sources specified and shall be limited by the provisions of Article VII, Section 10(D) of the 9 Louisiana Constitution. 10 Section 2. All money from federal, interagency, statutory dedications, or self-generated 11 revenues shall be available for expenditure in the amounts herein appropriated. Any increase 12 in such revenues shall be available for allotment and expenditure by an agency on approval 13 of an increase in the appropriation by the commissioner of administration and the Joint 14 Legislative Committee on the Budget. Any increase in such revenues for an agency without 15 an appropriation from the respective revenue source shall be incorporated into the agency's 16 appropriation on approval of the commissioner of administration and the Joint Legislative 17 Committee on the Budget. In the event that these revenues should be less than the amount 18 appropriated, the appropriation shall be reduced accordingly. To the extent that such funds 19 were included in the budget on a matching basis with state funds, a corresponding decrease 20 in the state matching funds may be made. Any federal funds which are classified as disaster 21 or emergency may be expended prior to approval of a BA-7 by the Joint Legislative

HR NO 1

1 Committee on the Budget upon the secretary's certifying to the governor that any delay

2 would be detrimental to the state. The Joint Legislative Committee on the Budget shall be

3 notified in writing of such declaration and shall meet to consider such action, but if it is

found by the committee that such funds were not needed for an emergency expenditure, such

approval may be withdrawn and any balance remaining shall not be expended.

Organization of the Executive Branch of State Government.

Section 3.A. Notwithstanding any other law to the contrary, the functions of any department, agency, program, or budget unit of the executive branch, except functions in departments, agencies, programs, or budget units of other statewide elected officials, may be transferred to a different department, agency, program, or budget unit for the purpose of economizing the operations of state government by executive order of the governor. Provided, however, that each such transfer must, prior to implementation, be approved by the commissioner of administration and Joint Legislative Committee on the Budget. Further, provided that no transfers pursuant to this Section shall violate the provisions of Title 36,

B. In the event that any agency, budget unit, program, or function of a department is transferred to any other department, agency, program, or budget unit by other Act or Acts of the legislature, the commissioner of administration shall make the necessary adjustments to appropriations through the notification of appropriation process, or through approval of mid-year adjustments. All such adjustments shall be in strict conformity with the provisions of the Act or Acts which provide for the transfers.

C. Notwithstanding any other law to the contrary and before the commissioner of administration shall authorize the purchase of any luxury or full-size motor vehicle for personal assignment by a statewide elected official other than the governor and lieutenant governor, such official shall first submit the request to the Joint Legislative Committee on the Budget for approval. "Luxury or full-sized motor vehicle" shall mean or refer to such vehicles as defined or used in rules or guidelines promulgated and implemented by the Division of Administration.

- 2 oversight of that agency, and the Joint Legislative Committee on the Budget. The report
- 3 shall be submitted on a quarterly basis, each January, April, July, and October, and shall
- 4 include all litigation costs paid and payable during the prior quarter. For purposes of this
- 5 Subsection, the term "litigation expenses" shall mean court costs and attorney fees of the
- 6 agency and of the other party if the agency was required to pay such costs and fees. The
- 7 commissioner of administration shall not authorize any payments for any such contract until
- 8 such report for the prior quarter has been submitted.
- 9 E. Notwithstanding any provision of law to the contrary, each agency may use a portion
- of its appropriations contained in this Act for the expenditure of funds for salaries and
- related benefits for smoking cessation wellness programs, including pharmacotherapy and
- behavioral counseling for state employees of the agency.
- Section 4. Each schedule as designated by a five-digit number code for which an
- appropriation is made in this Act is hereby declared to be a budget unit of the state.

- B. All key and supporting performance objectives and indicators for the departments,
- agencies, programs, and budget units contained in the Governor's Executive Budget
- 21 Supporting Document shall be adjusted by the commissioner of administration to reflect the
- 22 funds appropriated therein. The commissioner of administration shall report on these
- adjustments to the Joint Legislative Committee on the Budget by August 15, 2018.
- C. The discretionary and nondiscretionary allocations contained in this Act are provided
- in accordance with R.S. 39:51(A)(3) and are to provide information to assist in legislative

- of an agency, budget unit, or department to the discretionary or nondiscretionary amounts
- 28 contained in this Act.
- D. The expenditure category allocations contained in this Act are provided in
- accordance with R.S. 39:51(C) and are to provide information to assist in legislative decision

- which accrue to an appropriation within a department or schedule of this Act due to policy,
- programmatic, or cost-saving/avoidance measures may, upon approval by the commissioner
- of administration and the Joint Legislative Committee on the Budget, be transferred to any
- other appropriation within that same department or schedule. Each request for the transfer
- of funds pursuant to this Section shall include full written justification. The commissioner
- of administration, upon approval by the Joint Legislative Committee on the Budget, shall
- 19 have the authority to transfer between departments funds associated with lease agreements
- between the state and the Office Facilities Corporation. The commissioner of administration
- shall, in accordance with R.S. 15:827.3, transfer between departments or schedules of this

- 9 with the market rent. The commissioner of administration, upon approval of the Joint
- 10 Legislative Committee on the Budget, shall have the authority to transfer between
- 11 departments funds from any savings from renegotiated leases.
- 12 Section 7. The state treasurer is hereby authorized and directed to use any available
- 13 funds on deposit in the state treasury to complete the payment of General Fund

- 2 is presented and the request deemed valid.
- 3 (4) The number of authorized positions and authorized other charges positions approved
- 4 in this Act for each department, agency, or program may also be increased by the
- 5 commissioner of administration when sufficient documentation of other necessary
- 6 adjustments is presented and the request is deemed valid. The total number of such positions
- 7 so approved by the commissioner of administration may not be increased in excess of three
- 8 hundred fifty. However, any request which reflects an annual aggregate increase in excess
- 9 of twenty-five positions for any department, agency, or program must also be approved by
- the Joint Legislative Committee on the Budget.
- B. Orders from the Civil Service Commission or its designated referee which direct an
- agency to pay attorney fees for a successful appeal by an employee may be paid out of an
- 13 agency's appropriation from the expenditure category professional services; provided,
- however, that an individual expenditure pursuant to this Subsection may not exceed \$1,500
- in accordance with Civil Service Rule 13.35(a).
- 16 C. The budget request of any agency with an appropriation level of thirty million dollars
- or more shall include, within its existing table of organization, positions which perform the
- 18 function of internal auditing, including the position of a chief audit executive. The chief
- audit executive shall be responsible for ensuring that the internal audit function adheres to

- 22 accordance with these standards and shall have direct and unrestricted access to the
- commission, board, secretary, or equivalent head of the agency. The chief audit executive
- shall certify to the commission, board, secretary, or equivalent head of the agency that the
- 25 internal audit function conforms to the Institute of Internal Auditors, International Standards
- 26 for the Professional Practice of Internal Auditing.

- 28 Benefits becomes effective during Fiscal Year 2018-2019, each budget unit contained in this
- Act shall pay out of its appropriation an amount no less than 75% of total premiums for all

1 active employees and those retirees with Medicare in accordance with R.S. 42:851(D)(1) for

- 2 the state basic health insurance indemnity program.
- 3 E. In the event that any cost allocation or increase recommended by the Public

- 11 commissioner of administration shall determine how much of such withholdings shall be
- from the state General Fund.

- the Louisiana constitution, if at any time during Fiscal Year 2018-2019 the official budget

- 16 governor shall have full power to reduce appropriations in accordance with R.S. 39:75. The
- 17 governor shall have the authority to make adjustments to other means of financing and
- positions necessary to balance the budget as authorized by R.S. 39:75(C).
- B. The governor shall have the authority within any month of the fiscal year to direct
- 20 the commissioner of administration to disapprove warrants drawn upon the state treasury for
- 21 appropriations contained in this Act which are in excess of amounts approved by the
- 22 governor in accordance with R.S. 39:74.
- C. The governor may also, and in addition to the other powers set forth herein, issue
- 24 executive orders in a combination of any of the foregoing means for the purpose of
- 25 preventing the occurrence of a deficit.
- Section 11. Notwithstanding the provisions of Section 2 of this Act, the commissioner
- of administration shall make such technical adjustments as are necessary in the interagency
- transfers means of financing and expenditure categories of the appropriations in this Act to
- result in a balance between each transfer of funds from one budget unit to another budget
- unit in this Act. Such adjustments shall be strictly limited to those necessary to achieve this

1 balance and shall in no way have the effect of changing the intended level of funding for a 2 program or budget unit of this Act. 3 Section 12.A. For the purpose of paying appropriations made herein, all revenues due 4 the state in Fiscal Year 2018-2019 shall be credited by the collecting agency to Fiscal Year 5 2018-2019 provided such revenues are received in time to liquidate obligations incurred 6 during Fiscal Year 2018-2019. 7 B. A state board or commission shall have the authority to expend only those funds that 8 are appropriated in this Act, except those boards or commissions which are solely supported 9 from private donations or which function as port commissions, levee boards or professional 10 and trade organizations. 11 Section 13.A. Notwithstanding any other law to the contrary, including any provision 12 of any appropriation act or any capital outlay act, no constitutional requirement or special 13 appropriation enacted at any session of the legislature, except the specific appropriations acts 14 for the payment of judgments against the state, of legal expenses, and of back supplemental 15 pay, the appropriation act for the expenses of the Department of Justice, the appropriation 16 act for the expenses of the judiciary, and the appropriation act for expenses of the legislature, 17 its committees, and any other items listed therein, shall have preference and priority over any 18 of the items in the General Appropriation Act or the Capital Outlay Act for any fiscal year. 19 B. In the event that more than one appropriation is made in this Act which is payable 20 from any specific statutory dedication, such appropriations shall be allocated and distributed 21 by the state treasurer in accordance with the order of priority specified or provided in the law 22 establishing such statutory dedication and if there is no such order of priority such 23 appropriations shall be allocated and distributed as otherwise provided by any provision of 24 law including this or any other act of the legislature appropriating funds from the state 25 treasury. 26 C. 29

30

3 amount of appropriations from such fund source contained in both acts.

4 Section 14. Pay raises or supplements provided for by this Act shall in no way supplant

any local or parish salaries or salary supplements to which the personnel affected would be

ordinarily entitled.

To this end, the provisions of this Act are hereby declared severable.

Each submission must include full justification of the transaction requested, but submission in accordance with this deadline shall not be the sole determinant of whether the item is actually placed on the

agenda for a hearing by the Joint Legislative Committee on the Budget. Transactions not submitted in accordance with the provisions of this Section shall be considered by the commissioner of administration and Joint Legislative Committee on the Budget only when extreme circumstances requiring immediate action exist.

B. Subsection.

B.(1) No funds appropriated in this Act shall be transferred to a public or quasi-public agency or entity which is not a budget unit of the state unless the intended recipient of those funds submits, for approval, a comprehensive budget to the legislative auditor and the transferring agency showing all anticipated uses of the appropriation, an estimate of the duration of the project, and a plan showing specific goals and objectives for the use of such funds, including measures of performance. In addition, and prior to making such expenditure, the transferring agency shall require each recipient to agree in writing to provide written reports to the transferring agency at least every six months concerning the use of the funds and the specific goals and objectives for the use of the funds. - 7 C. The Louisiana Department of Health shall continue to provide for immunizations in
- 8 those parish health units which receive any funding from local governmental sources.
- 9 D. All departments containing appropriations out of means of financing designated as
- 10 coming from prior and current year collections shall report all prior year balances to the Joint
- Legislative Committee on the Budget at its first meeting held after October 15, 2018.

Program Description: The mission of the Administration and Support Program is to provide state agencies with an effective human resources system that ensures quality service and accountability to the public interest by maintaining a balance between discretion and control; making that balance flexible enough to match the rapidly changing environment in which government operates. In addition, the program maintains the official personnel records of the state. In the area of Human Resources management, the program promotes effective human resource management throughout state government by developing, implementing, and evaluating systems for job evaluation, pay, employment, promotion and personnel management and by administering these systems through rules, policies and practices that encourage wise utilization of the state's financial and human resources.
