EXPENDITURE EXPLANATION

Proposed law may result in an indeterminable increase in SGF expenditures for the Department of Public Safety and Corrections - Corrections Services if a specific sex offender as defined by R.S. 15:541 is convicted of unlawful participation and presence in a home study program. Proposed law provides for a specific exception for students of home study programs who were convicted of a sex offense as defined by R.S. 15:541. Proposed law provides for a maximum imprisonment term of one year, with or without hard labor.

SGF expenditures will increase by \$60.09 per offender per day if an offender is housed in a state facility or \$24.39 for a state offender housed in a local facility. An offender sentenced to the custody of the Department of Public Safety and Corrections - Correction Services for one year would increase SGF expenditures by \$21,992.03 (\$60.09 per day x 366 days) if housed in a state facility and \$8,926.74 (\$24.39 per day x 366 days) if housed in a local facility.

REVENUE EXPLANATION

Proposed law may result in an indeterminable increase in local funds revenue as a result of potential fines if a person is convicted of unlawful participation and presence in a home study program. The maximum fine assessed is \$1,000. The potential revenue will accrue to the local governing authority. The potential net effect on sentencing decisions cannot be determined and the potential revenue impact is therefore unknown.
