EXPENDITURE EXPLANATION

There is no anticipated direct material effect on governmental expenditures as a result of this measure.

Proposed law is permissive and provides specific safeguards to public and private entities for specific data sharing. Proposed law authorizes private entities to monitor, share, and receive certain information relative to cyber threats and authorizes certain defensive measures, provides relative to certain security and information controls, provides for public records exceptions and for confidentiality of certain information. This information and defensive measures may be shared with and used by public entities. State entities will be required to make an annual report regarding such reports to the office of the governor. Impacted state agencies report that they are able to implement proposed law without any additional resources.

REVENUE EXPLANATION

There is no anticipated direct material effect on governmental revenues as a result of this measure.
