**EXPENDITURE EXPLANATION**

**Proposed law** may result in an indeterminable increase in SGF expenditures by removing a stipulation in **present law** that the Dedicated Fund Review Subcommittee of the Joint Legislative Committee on the Budget (JLCB) shall meet only on a day in which the JLCB is scheduled to convene. The legislative per diem rate of \$161 and the cost of related benefits (7.65% includes FICA 6.2% and Medicare 1.45%) is approximately \$12.32 for a daily cost of approximately \$173/day. It would cost \$2,478 per day for 14 legislators to attend meetings plus mileage reimbursement, which is approximately \$0.58 per mile. However, the impact on expenditures is indeterminable and will depend upon mileage of the members and the number of meeting days held, and the actions taken by the Subcommittee. **Note:** To the extent that the subcommittee meets on days in which the JLCB is scheduled to convene, there will be no additional cost in expenditures.

Any language in **proposed law** that changes a statutorily dedicated fund to a statutorily dedicated fund account that is containing fee or self-generated revenue will change the classification of expenditures for the impacted activities. This does not alter total expenditures, but the classification for accounting and reporting purposes will change accordingly.

**Proposed law** will require structural changes in means of finance as presented in the executive budget, supporting document and general appropriations bill. The LFO assumes these changes can be absorbed with existing staff and budgetary resources, but the requirements will require a one-time workload increase and nominal recurring workload increase across multiple agencies associated with modifying forms and databases to reflect changes in the reporting of means of finance in the corresponding documents.

**REVENUE EXPLANATION**

**Proposed law** repeals the Louisiana Operability Communications Fund and the FEMA Reimbursement Fund effective July 1, 2019. As of April 17, 2019, the Treasury reports that the balance in the La Operability Communications Fund was \$472,114 and the balance in the FEMA Reimbursement Fund was \$51.04. The Treasury assumes the Governor's Office of Homeland Security and Emergency Preparedness will expend the balance of the La Operability Communications Fund by the end of FY 19, and reports that it will transfer the balance in the FEMA Reimbursement Fund to the SGF upon its repeal.

**Proposed law** amends the Battered Women's Shelter Fund and the Drug Abuse Education and Treatment Fund from dedicated funds to a statutorily dedicated fund account in the treasury. Any remaining balances at 6/30/19 will be transferred to the SGF in FY 20.

**Proposed law** renames the Louisiana Alligator Resource Account to the Louisiana Alligator Resource Dedicated Fund Account and the Sex Offender Registry Technology Account to the Sex Offender Registry Technology Dedicated Fund Account as defined in Act 612 of the 2018 Regular Session are to be considered SGR.

**Proposed law** makes technical changes to change the name of the Louisiana Animal Welfare Fund to an Escrow Account (this fund was abolished by Act 422 of the 2017 Regular Session), and removes references regarding transferring funds to the FEMA Reimbursement Fund from the State Emergency Response Fund.
