

## RÉSUMÉ DIGEST

ACT 224 (HB 400)

2019 Regular Session

McMahon

Existing constitution creates a fire and police civil service system applicable to municipalities of over 13,000 in population and parishes and fire protection districts. Provides that the system is subject to Art. XIV, §15.1 of the 1921 Constitution made statutory by the 1974 Constitution. Existing law creates and provides for two fire and police civil service systems: (1) one applicable to any municipality which operates paid police and fire departments and which has a population of not fewer than 13,000 persons; and (2) one applicable to any parish, fire protection district, or municipality with a population of fewer than 13,000, but not fewer than 7,000 persons.

Existing law, relative to both systems, provides that a municipal fire and police civil service board is created in the parish, municipal, and fire protection district government. Provides that admission to tests for promotional and competitive positions is provided by the board through the state examiner. Requires that applicants admitted to tests be U.S. citizens and of legal age.

Existing law authorizes the state examiner to call for and administer competitive examinations for the entrance classifications of firefighter, police officer, and for the entrance classes for which the operation and maintenance of a radio, alarm, or signal system for the fire or police service is the primary duty.

New law additionally authorizes the state examiner to call for and administer competitive examinations for entrance jailer.

Existing law requires the board to establish and maintain employment lists containing the names of persons eligible for appointment to various classes of positions in the classified service. Provides that the name of a person who has attained a passing score on an examination administered by the state examiner for entrance police officer, entrance firefighter, or for the entrance classes for which the operation and maintenance of radio, alarm, or signal systems is the primary duty may be placed on the employment list of any municipality, parish, or fire protection district, provided the person's application and score are accepted by the board of the respective jurisdiction.

New law adds entrance jailer, secretary to the chief, and departmental records clerk to the list of positions for which names may be placed on an employment list in any jurisdiction, subject to existing law limitations.

Effective August 1, 2019.
