CODING: Words in struck through type are deletions from existing law; words underscored are additions.
§1875. Billing by noncontracted facility-based physicians providing services in a base health care healthcare facility

A. If a facility-based physician who is a noncontracted health care healthcare provider provides health care healthcare services in a base health care healthcare facility to an enrollee or insured and files a claim with a health insurance issuer for such the facility-based services, the health insurance issuer shall provide the facility-based physician with an explanation of benefits as to any payment determination thereof. Nothing contained in this Subpart shall supersede the provisions of R.S. 22:263(D).

B.(1) The facility-based physician shall be prohibited from surprise billing or attempting to collect from or collecting from an enrollee or insured an amount in excess of the amount paid by the health insurance issuer to contracted providers for the same or similar services at that facility.

(2) If there are no contracted providers of this type at that facility, the amount billed or collected by the facility-based physician shall not be in excess of the median amount paid by the issuer to contracted providers for the same or similar services provided in the same parish as the base healthcare facility.

C. The facility-based physician shall not bill, attempt to collect from, or collect from an enrollee or insured amounts other than those representing coinsurance, copayments, deductibles, or other amounts identified by the health insurance issuer on an explanation of benefits as an amount for which the enrollee or insured is liable.

D. The provisions of this Section shall apply to all services provided by a noncontracted, facility-based provider, regardless of whether the services were due to an emergency.

Section 2. This Act shall become effective upon signature by the governor or, if not signed by the governor, upon expiration of the time for bills to become law without signature by the governor, as provided by Article III, Section 18 of the Constitution of Louisiana. If
vetoed by the governor and subsequently approved by the legislature, this Act shall become effective on the day following such approval.

HB 283 Original 2020 Regular Session Crews

Abstract: Prohibits surprise billing by noncontracted, facility-based physicians.

Proposed law defines "surprise billing" as any bill received by an enrollee or insured for any services provided at a base healthcare facility that is contracted with the enrollee's or insured's health insurance issuer but the facility-based physician providing those services is not contracted with the health insurance issuer and seeks to collect amounts in excess of the amounts authorized by proposed law.

Present law requires a health insurance issuer to provide a noncontracted, facility-based physician providing healthcare services in a base healthcare facility to an enrollee or insured, who files a claim with the health insurance issuer for the facility-based services, with an explanation of benefits as to any payment determination.

Proposed law retains present law but makes technical changes.

Present law provides that present law shall not supercede the provisions of present law authorizing a healthcare provider who does not contract with a health maintenance organization to pursue collection from the health maintenance organization for emergency services rendered if the healthcare provider has no direct knowledge or information that the patient is an enrollee of a health maintenance organization.

Proposed law repeals present law.

Proposed law prohibits a facility-based physician from surprise billing or attempting to collect from or collecting from an enrollee or insured an amount in excess of the amount paid by the issuer to contracted providers for the same or similar services at that facility or, if there are no contracted providers of the same or similar type at that facility, the amount paid by the issuer to contracted providers for the same or similar services provided in the same parish as the base healthcare facility.

Proposed law prohibits the facility-based physician from billing or collecting from an enrollee or insured amounts other than those representing coinsurance, copayments, deductibles, or other amounts identified by the health insurance issuer on an explanation of benefits as an amount for which the enrollee or insured is liable.

Proposed law applies to all services provided by a noncontracted, facility-based provider, regardless of whether the services were due to an emergency.

Effective upon signature of governor or lapse of time for gubernatorial action.
