Abstract: Authorizes the recommendation of medical marijuana by physicians for treating additional conditions and authorizes any state-licensed physician to recommend medical marijuana.

<u>Present law</u> authorizes physicians who are licensed by and in good standing with the La. <u>Proposed law</u> retains <u>present law</u> and adds all of the following to the list of debilitating medical conditions which qualify a patient for treatment with medical marijuana:

<u>Present law</u> defines "recommend", with respect to medical marijuana, as an order from a physician licensed by and in good standing with the La. State Board of Medical Examiners and authorized by the board to recommend medical marijuana that is patient-specific and

disease-specific in accordance with <u>present law</u>, is communicated by any means allowed by the La. Board of Pharmacy to a state-licensed pharmacist in a state-permitted dispensing pharmacy as described in <u>present law</u>, and is preserved on file as required by <u>present law</u>. <u>Proposed law</u> amends the definition of "recommend" to read as follows:

"[The] opinion of any physician licensed by and in good standing with the Louisiana State Board of Medical Examiners, provided within a bona fide doctor-patient relationship, that, in the sincere judgment of the physician, therapeutic cannabis may be helpful to the patient's condition or symptoms and is communicated by any means allowed by the Louisiana Board of Pharmacy."

<u>Proposed law</u> repeals <u>present law</u> requiring that physicians recommend medical marijuana in accordance with rules and regulations promulgated by the La. State Board of Medical Examiners.

<u>Proposed law</u> repeals <u>present law</u> requiring the La. State Board of Medical Examiners to promulgate rules and regulations authorizing physicians to recommend medical marijuana to patients.

(Amends R.S. 40:1046(A)(1), (2)(a)(iii), (3), and (4); Adds R.S. 40:1046(A)(2)(a)(xvii)-(xxii); Repeals R.S. 40:1046(B))
