EARLY CHILDHOOD: Recreates the Early Childhood Care and Education Commission

Synopsis of Senate Amendments

1. Add a member of the La. Educational Television Authority to the commission membership.

Digest of Bill as Finally Passed by Senate

Present law provides for the Early Childhood Care and Education Network, through which the State Bd. of Elementary and Secondary Education (BESE) manages and oversees publicly funded programs that provide early childhood care or education. Also establishes the Advisory Council on Early Childhood Care and Education (advisory council), which provides input and guidance to BESE and the state Dept. of Education on such programs.

Prior law, which terminated on March 31, 2020, created the Early Childhood Care and Education Commission to study and make recommendations relative to early childhood care and education issues. Proposed law re-creates the commission and requires it to collect data, consider research and current practices, determine a sustainable infrastructure, identify opportunities for collaboration, determine a time frame and necessary funding to achieve affordable access to quality care and education for all children from birth through age four, and make recommendations on the incorporation of family child care providers into the early childhood care and education network. Also requires the commission to produce reports for the governor, legislature, state superintendent of education, and BESE and to establish a task force to identify and recommend funding strategies.

Proposed law provides for termination of the commission on July 1, 2022, and for the subsequent responsibility of the advisory council to evaluate and provide recommendations to support the implementation of the commission's plan.

Effective upon signature of governor or lapse of time for gubernatorial action, except repeal of proposed law is effective July 1, 2022.
