HB 629 Engrossed

2021 Regular Session

**Ivey** 

**Abstract:** Provides relative to individual income tax, corporate income tax, corporate franchise tax, and ad valorem taxes.

<u>Present law</u> provides for a tax to be assessed, levied, collected, and paid upon the taxable income of an individual at the following rates:

- (1) 2% on the first \$12,500 of net income.
- (2) 4% on the next \$37,500 of net income.
- (3) 6% on net income in excess of \$50,000.

<u>Proposed law</u> removes the graduated schedule of rates in favor of a flat 4% individual income tax rate.

<u>Present law</u> provides that in cases where taxpayers file a joint return of husband and wife, the combined tax shall be twice the combined tax of single filers.

Proposed law retains present law.

<u>Present law</u> provides that all personal exemptions and deductions for dependents allowed in determining federal income tax liability shall be allowed in determining La. tax liability. Further provides for a combined personal exemption of \$4,500 for single, individual filers; \$9,000 for married, joint filers; \$4,500 for married, separate filers; and \$9,000 for filers who are the head of household.

<u>Proposed law</u> increases the combined personal exemption <u>to</u> \$12,500 for single, individual and married, separate filers. Also increases <u>to</u> \$25,000 the combined personal exemption for married, joint filers, qualified surviving spouses, and filers who are the head of household.

Present law authorizes a credit of \$400 for each dependent who meets certain criteria.

<u>Proposed law</u> repeals <u>present law</u> in favor of a \$1,000 deduction for each dependent as defined in <u>present law</u>.

Present law authorizes an additional deduction of \$1,000 for each allowable exemption in excess of

those required to qualify for the exemption allowable under present law (R.S. 47:294(A)).

<u>Proposed law</u> provides an exemption of \$1,000 for a taxpayer who is blind, is deaf, has sustained the loss of one or more limbs, or has an intellectual disability. Provides a deduction of \$1,000 for each dependent allowed, in determining federal income tax liability, who is blind, is deaf, has sustained the loss of one or more limbs, or has an intellectual disability. Additionally, provides a deduction of \$1,000 for each dependent as allowed in determining federal income tax liability. Provides definitions and requirements for claiming the exemptions.

<u>Present law</u> requires the secretary of the Dept. of Revenue to establish tax tables that calculate the tax owed by taxpayers based upon where their taxable income falls within a range that does not exceed \$250.

<u>Present law</u> further requires the secretary to provide in the tax tables the combined personal exemption, standard deduction, and other exemption deductions in <u>present law</u> which are deducted from the 2% bracket. If the combined exemptions and deductions exceed the 2% bracket, the excess is deducted from the 4% bracket, and then the 6% bracket. <u>Proposed law</u> requires the tax tables to use the brackets provided for in <u>proposed law</u>.

<u>Present law</u> authorizes a deduction from individual income taxes for excess federal itemized personal deductions. The term "excess federal itemized personal deductions" is defined to mean the amount by which the federal itemized personal deductions exceed the amount of federal standard deduction designated for the filing status used for the taxable period on the individual income tax return.

<u>Proposed law</u> changes the <u>present law</u> definition of "excess federal itemized personal deductions" to mean the amount by which the federal itemized personal deductions, excluding La. state income taxes paid, exceed the amount of the federal standard deduction *or the state standard deduction*, whichever is greater, designated for the filing status used for the taxable period on the individual income tax return

<u>Present law</u> defines "tax table income" for resident individuals as the adjusted gross income plus interest on certain state or political subdivision obligations less items such as gratuitous grants, loans, or other disaster benefits included in federal adjusted gross income, federal income tax liability, amount deposited into medical or educational savings accounts, and excess personal exemptions and deductions.

<u>Proposed law</u> retains <u>present law</u> but adds to the list of income not included in "tax table income" the standard, personal, and dependent deductions provided for in <u>proposed law</u> as well as state income tax paid which are included in federal adjusted gross income.

<u>Present constitution</u> and <u>present law</u> authorize a state deduction for federal income taxes paid for purposes of computing income taxes for the same period.

<u>Proposed law</u> repeals the <u>present law</u> provisions that authorize a state deduction for federal income taxes paid for purposes of calculating individual and corporate income taxes and income taxes for

estates and trusts.

<u>Present law</u> provides for the computation of La. taxable income for a resident estate or trust, including provisions for the federal income tax deduction, limitations of deductions for net income, provisions for the federal deduction for alternative minimum tax, and the authority of the secretary of the Dept. of Revenue to consider reductions to the federal income tax deduction and the determination of the deductible portion of an alternative minimum tax.

<u>Present law</u> provides for a tax to be assessed, levied, collected, and paid on the La. taxable income of an estate or trust at the following rates:

- (1) 2% on the first \$10,000 of La. taxable income.
- (2) 4% on the next \$40,000 of La. taxable income.
- (3) 6% on La. taxable income in excess of \$50,000.

<u>Proposed law</u> removes the graduated schedule of rates in favor of a flat 4% rate on taxable income of an estate or trust.

<u>Present law</u> requires that the tax to be assessed, levied, collected, and paid on the La. taxable income of every corporation is to be computed at the following rates:

- (1) 4% on the first \$25,000 of La. taxable income.
- (2) 5% on La. taxable income above \$25,000 but not in excess of \$50,000.
- (3) 6% on La. taxable income above \$50,000 but not in excess of \$100,000.
- (4) 7% on La. taxable income above \$100,000 but not in excess of \$200,000.
- (5) 8% on all La. taxable income in excess of \$200,000.

<u>Proposed law</u> changes <u>present law</u> by eliminating the graduated schedule of rates dependant on the amount of taxable income of the taxpayer in favor of a flat 6.5% corporate income tax rate.

The withdrawal is effective 90 days following the Dept.'s receipt of the resolution.

During this time local authorities may hold public meetings to receive public input.

<u>Proposed law</u> provides that if the local authority approves the application, the local authority and the applicant, with the assistance of the Dept., shall enter into a cooperative endeavor agreement evidencing the exemption.
