Proposed law enacts the "Louisiana Sports Wagering Act".

Present law vests all regulatory authority, control, and jurisdiction over all aspects of gaming activities and operations of riverboats, the land-based casino, video poker, and fantasy sports contests with the Louisiana Gaming Control Board (board).

Proposed law retains present law and adds authority, control, and jurisdiction for the board over sports wagering.

Proposed law specifically provides that any license, permit, approval, or thing obtained or issued pursuant to proposed law is expressly declared by the legislature to be a pure and absolute revokable privilege and not a right, property or otherwise, under the federal or state constitution.

Proposed law provides for definitions and requires the board to adopt rules in accordance with the Administrative Procedure Act to:

1. Develop qualifications and standards and a process and procedure for the issuance of a license to operate a sports book as well as the renewal thereof. Requires there also be a process to notify eligible applicants of available licenses.

2. Develop qualifications and standards and a procedure and process for approval and permitting of sports wagering platform providers, manufacturers, suppliers, and personnel, as well as the renewal, suspension, and revocation of a permit.

3. Promulgate forms, processes, and procedures necessary to implement, administer, and regulate sports wagering as authorized by proposed law.

4. Establish standards for the amount of reserves required to be maintained by an operator and the allowable form of those reserves, including standards for initial reserves for a new licensee or newly permitted sports wagering platform provider.

5. Establish guidelines for the acceptance of wagers on a series of sports events by an operator.

6. Prohibit an operator from unilaterally rescinding a wager except in compliance with rules of the board.

(12) Require operators to submit for approval by the board its policies and procedures on operational controls for server-based gaming systems, software and hardware utilized on electronic sports wagering, including but not limited to appearance, functionality, contents, collection, storage, and retention of data and security.

(13) Require operators to submit for approval by the board its policies and procedures on operational controls for sports wagering accounts, including but not limited to procedures for establishment and closure of an online account, funding of withdrawal of funds from an online account, and generation of an account statement for a patron's online account.

Proposed law authorizes emergency rulemaking procedures to be used for the initial promulgation of administrative rules.

Proposed law provides that the gaming division of state police shall be charged with inspecting and ensuring compliance with all the requirements of proposed law and with any other tasks deemed necessary by the board.

Proposed law provides that no person, business, or legal entity shall operate a sports book without first being licensed by the board and that a sports wagering license shall be in addition to any other license.

(1) The landbased casino.

(2) The fifteen licensed riverboats.

(3) The four race tracks, provided that the race track has the approval of the Louisiana State Racing Commission to apply to be licensed to operate a sports book.

Proposed law provides that for the initial application process, should any of the initial 20 eligible applicants elect not to apply for a license or fail to submit a completed application by January 1, 2022, or within 30 days of applications being available, whichever is later, it shall not be considered for a license and the board may consider for the remaining licenses, applications from suitable applicants who are:

(1) Video poker licensed establishments; however, any applicant that is also licensed as an offtrack betting parlor shall also have the Louisiana State Racing Commission's approval to apply to be licensed for a sports book.
(2) Fantasy sports operators.

Proposed law provides that if the number of applications received by the board that are determined to be eligible applicants exceeds the number of licenses available, the board shall provide for a concealed bid process and issue the available licenses to bidders, in accordance with the board's ranking of the bids, to the applicant that in the board's discretion has the greatest potential for revenue generation for the state.

Proposed law provides that should a license become available after the initial issuance, the board shall notify the riverboats, race tracks, or the landbased casino who do not have a sports wagering license about the available license and provide those entities an opportunity to apply for the license by a certain date. Provides that if the number of applications from eligible applicants exceeds the number of available licenses, the board shall provide for a concealed bid process and issue the available licenses to bidders, in accordance with the board's ranking of the bids, to the applicant that in the board's discretion has the greatest potential for revenue generation for the state.

Proposed law provides that should a license become available after the initial issuance and the riverboats, race tracks, and the landbased casino decline to apply or the number of available licenses exceeds the number of riverboats, race track, or the landbased casino who are interested, the board shall notify the licensed video poker establishments (bars and lounges, restaurants, truck stops, offtrack betting parlors, and hotels) who do not have a sports wagering license about the available license and provide those entities an opportunity to apply for the license by a certain date. If the number of applications from eligible applicants exceeds the number of available licenses, the board shall provide for a concealed bid process and issue the available licenses to bidders, in accordance with the board's ranking of the bids, to the applicant that in the board's discretion has the greatest potential for revenue generation for the state.

Proposed law provides that the board shall only award a license to operate a sports book to an applicant that it determines to be suitable, and specifically provides other information that the board may consider in addition to the information the board uses in determining suitability for other gaming licenses.

Proposed law provides that each applicant shall submit as part of its application a detailed plan of design of its sports book lounge and other areas of its establishment where sports wagering mechanisms may be placed. Requires the board to only issue a license to an applicant whose detailed plan of design the board finds acceptable.

Provides that only a licensed sports wagering establishment, or its sports wagering platform provider on its behalf, may process, accept, offer, or solicit sports wagers.

Proposed law specifically provides that a licensed sports wagering establishment shall be responsible for the conduct of its sports wagering platform provider.

Proposed law provides that prior to beginning operations, a licensed sports wagering establishment shall install and thereafter maintain a sports wagering platform that meets the specifications required by law and by rule and approved by the board.

sports wagering platform provider. Among other requirements, the rules shall require that
the contract provide access by the division and the board to any information maintained by
the platform provider for verification of compliance with proposed law.

Proposed law limits a sports wagering platform provider to one sports wagering platform to
offer, conduct, or operate a sports book on behalf of a licensee. Requires a sports wagering
platform provider to keep books and records for the management and operation of sports
wagering and for services for which it is contracted by a licensee. Requires the keeping of
books and records separate and distinct from any other business the sports wagering platform
provider might operate. Requires a sports wagering platform provider to file quarterly
returns with the board listing all of its contracts and services related to sports wagering
authorized under proposed law.

Proposed law requires the board to provide by rule for the standards and requirements of a
sports wagering platform. Requires the rules to specify technical requirements as well as
operational requirements and provides that only a sports wagering platform that meets the
standards and requirements as provided by rule may be used by an operator to book wagers.

Proposed law requires that the sports wagering platform shall provide to the gaming division
of state police a readily available point of contact to ensure compliance with the
requirements of proposed law.

Proposed law requires that all servers necessary for the placement or resolution of wagers,
other than backup servers, be physically located in Louisiana and that any sports wagering
platform utilized for electronic wagering shall have a component of its design to reasonably
verify that the person attempting to place the wager is at least 21 years of age, physically
located in the state, and not physically located in a parish that has not approved a proposition
to authorize sports wagering at the time the wager is initiated or placed, and not a person
who is otherwise prohibited from wagering with the operator.

Proposed law provides that an operator may conduct sports wagering in-person or via a
sports wagering mechanism located on its premises or through a website or mobile
application. Requires each licensee to house its sports book in a sports wagering lounge on

placed on sports events. Prohibits an operator from accepting a wager in-person, via a sports
wagering mechanism, or through a website or mobile application unless the wagering
proposition is posted by electronic or manual means.

Proposed law requires an operator to adopt comprehensive rules which the board approves
to govern sports wagering transactions with its patrons. Requires the rules to specify the
amount to be paid on winning wagers and the effect of schedule changes. Requires that the
rules, together with any other information the board deems appropriate, to be conspicuously
displayed in the establishment, posted electronically on any sports wagering mechanism,

Proposed law provides that an operator may accept wagers made electronically using a sports wagering mechanism located on its premises or through a website or mobile application.

Proposed law provides that a player may make a deposit in his sports wagering account or place a wager via a sports wagering mechanism. Provides that the deposit or wager may be made with cash, vouchers, or utilizing the player's established sports wagering account.

Proposed law requires that sports wagering mechanisms:

1. Be located only on a licensee's premises in areas where accessibility is limited to patrons 21 years of age or older.

2. Be branded in the same brand as the licensee or the sports wagering provider, or both.

3. Be configured in such a way that no device, program, switch, or function will alter the reading of a bet, value, or amount of wagering or deposits to reflect a bet, value, or amount other than that actually wagered or deposited or any switches, jumpers, wire posts, or any other means of manipulation that could affect the operation or outcome of a wager.

4. Be divided into separate secure areas with locking doors for the logic board and software, the cash compartment, and the mechanical meters as required by the rules of the board and prohibit access to one area from the other.

Provides that an account may be established with a line of credit or as an advance deposit wagering account.

2. Requires an operator to pay winning tickets upon presentation after performing validation procedures unless otherwise allowed pursuant to the rules and regulations of the board. Provides that the failure to present a winning ticket within 180 days shall constitute a waiver of the right to payment and the holder of the ticket shall thereafter have no right to enforce payment of the ticket. Provides that an operator's obligation to pay a winning ticket expires after 180 days from the date of the sports event if not presented for payment.

Proposed law provides that funds held by an operator for payment of outstanding tickets shall be retained by the operator for that purpose until the expiration of 180 days after the date of the sports event. Provides that after that, the operator shall each day accumulate the amount equal to the sum of any unclaimed winnings, less the amount of state tax paid by the operator on the unclaimed monies that expire that day. Provides that on or before the 15th day of the first month following the end of a calendar-year quarter, the operator shall remit to the state treasurer for deposit into the Crime Victims Reparations Fund as provided for in present law an amount equal to the accumulated total for the previous calendar-year quarter. The funds shall be used exclusively to pay the expenses associated with health care expenses of victims of sexually-oriented crimes.
