2021 Regular Session

McCormick

**Abstract:** Prohibits civil liability for refusal to mandate a COVID-19 vaccination and protects business permits and professional licenses from refusal for failure to refuse to mandate a COVID-19 vaccination.

Proposed law provides that no natural or juridical person shall be liable for any civil damages and no cause of action may be maintained against a natural or juridical person who in the course of, through the performance of, or by a provision of their business operations, refuses to mandate a COVID-19 vaccination for any employee or customer.

Proposed law provides that the state, a state agency, or political subdivision thereof, shall not refuse to permit, renew, or withhold a business license or professional license solely on the basis of the business refusing to mandate COVID-19 vaccinations.
