HOUSE CONCURRENT RESOLUTION NO. 114

BY REPRESENTATIVE LACOMBE

DISTRICTS/DRAINAGE: Urges and requests the Louisiana State Law Institute to study and make recommendations relative to the feasibility of codifying certain cases relative to R.S. 38:113

A CONCURRENT RESOLUTION

2	To urge and request the Louisiana State Law Institute to study provisions of law, recent
3	certain court rulings, and the feasibility of codifying certain prevailing appellate and
4	supreme court cases that have interpreted R.S. 38:113, and to report its findings and
5	recommendations, along with specific proposed legislation, to the legislature.
6	WHEREAS, R.S. 38:113 provides for the control of drainage channels and outfall
7	canals in levee and drainage districts; and
8	WHEREAS, numerous court cases have referred to such control over drainage
9	channels and outfall canals as a "legal servitude"; and
10	WHEREAS, in recent cases, courts have held that R.S. 38:113 grants levee and
11	drainage districts a legal servitude over drainage channels or outfall canals within its district,
12	provided certain requirements are met; and
13	WHEREAS, recently, courts have additionally held that within the exercise of the
14	legal servitude that R.S. 38:113 authorizes, the provision does not authorize the taking or
15	damaging of property without just compensation or due process.
16	THEREFORE, BE IT RESOLVED that the Legislature of Louisiana does hereby
17	urge and request the Louisiana State Law Institute to study provisions of law, recent court
18	rulings, and the feasibility of codifying certain prevailing appellate and supreme court cases
19	that have interpreted R.S. 38:113, and to report its findings and recommendations, along
20	with specific proposed legislation, to the legislature.
